MEMORANDUM

TO: Florida College System Presidents

FROM: Kathryn S. Hebda 

DATE: July 26, 2024

SUBJECT: Legislative Session Implementation Chart

During the 2024 Legislative Session, the Florida Legislature passed a total of 325 bills. From those, the Division of Florida Colleges (Division) has identified the new or amended laws that impact Florida College System institutions.

Attached, please find the Division's 2024 Legislative Session Implementation Chart that features the identified new laws and the necessary next steps for implementation. For any legislative changes that affect rules (as noted in the chart), colleges should refer to the Division's correspondence regarding rule workshops and notices, as well as memoranda regarding final rules adopted by the State Board of Education. For the remaining items included on the chart, technical assistance will be provided where the Division, the Florida Department of Education or the State Board of Education have responsibilities; otherwise, items indicate where only the institution needs to review and/or update its policies and procedures.

Lastly, for items specifically implemented by either the Division of Career and Adult Education or the Division of Public Schools, institutions will be sent additional memoranda related to those topic areas. If you have any other questions, please do not hesitate to contact me or my staff.
