**SUBJECT:** 2024 Program Inventory Template

---

Dear Research Coordinators,

Programmatic accreditation is the recognition from an accrediting agency that an institution maintains a certain level of standards, standards that are often not dictated by state or federal regulations or statute. With this memorandum, the Division of Florida Colleges asks for data and information about each program that requires graduation from an accredited program to get licensed or certified for professional practice.

By **September 30, 2024**, please provide the institution's responses for the attached 2024 Program Accreditation Inventory template.

If you have any questions, please contact Florida College System Research and Analytics, at [FCSResearch@fldoe.org](mailto:FCSResearch@fldoe.org).

Best Regards,  
-Christian...
