## **Assurances**

The Florida Department of Education (FDOE) has developed and implemented a document entitled **General Terms, Assurances and Conditions for Participation in Federal and State Programs** to comply with:

2 C.F.R. 200, Uniform Grant Guidance (UGG) requiring agencies to submit a common assurance for participation in federal programs funded by the United States Education Department (USED); Applicable regulations of other Federal agencies; and State regulations and laws pertaining to the expenditure of state funds

In order to receive funding, **applicants must have on file with the Florida Department of Education, Office of the Comptroller, a signed statement by the agency head certifying applicant adherence to these General Assurances for Participation in State and Federal Programs.** The complete text may be found in Section D of the Green Book.

### **School Districts, Community Colleges, Universities, and State Agencies**

The certification of adherence, currently on file with the FDOE Comptroller's Office, shall remain in effect indefinitely. The certification does not need to be resubmitted with this application, unless a change occurs in federal or state law, or there are other changes in circumstances affecting a term, assurance or condition.

**Note:** The UGG combines and codifies the requirements of eight Office of Management and Budget (OMB) Circulars: A-89, A-102 (former 34 CFR part 80), A-110 (former 34 CFR part 74), A-21, A-87, A-122, A-133, A-50. For the FDOE this means that the requirements in EDGAR Parts 74 and 80 have also been subsumed under the UGG. The final rule implementing the UGG was published in the Federal Register on December 19, 2014, and became effective for new and continuation awards issued on or after December 26, 2014.

Technical assistance documents and other materials related to the UGG, including frequently asked questions and webinar recordings, are available at The Chief Financial Officers Council web site: <https://cfo.gov/cofar>.

## **Risk Analysis**

Every agency must complete a Risk Analysis form. The appropriate DOE 610 or DOE 620 form will be required prior to a project award being issued. The Risk Analysis must be submitted with the application. If an agency is submitting applications for multiple programs, only one Risk Analysis is required.

**School Districts, State Colleges, and State Universities, and State Agencies** must use the DOE 610 form. Once submitted and approved, the risk analysis will remain in effect unless changes are required by changes in federal or state law, changes in the circumstances affecting the financial and administrative capabilities of the agency or requested by the Department. A change in the agency head or the agency's head of financial management requires an amendment to the form. The DOE 610 form may be found at <http://www.fldoe.org/core/fileparse.php/5625/urlt/does610.xls>

## **Funding Method**

### **Reimbursement with Performance**

Payment is rendered upon submission of documented allowable disbursements, plus documentation of completion of specified performance objectives.

### **Fiscal Records Requirements and Documentation**

Applicants must complete a Budget Narrative form, DOE101S. Budget pages must be completed to provide sufficient information to enable FDOE reviewers to understand the nature and reason for the line item cost.

All accounts, records, and other supporting documentation pertaining to costs incurred shall be maintained by the recipient for five years. Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include but are not limited to: invoices with check numbers verifying payment, and/or bank statements; time and effort logs for staff, salary/benefits schedules for staff. All documentation must be submitted with the reimbursement request in order for payment to be processed.

Funded programs and any amendments are subject to the procedures outlined in the FDOE Project Application and Amendment Procedures for Federal and State Programs (Green Book) and the General Assurances for Participation in Federal and State Programs, which may be found at:

<http://www.fldoe.org/finance/contracts-grants-procurement/grants-management/project-application-amendment-procedure.stml>.

Budgeted items must correlate with the narrative portion of the project application that describes the specific activities, tasks and deliverables to be implemented.

All project recipients must submit a completed DOE 399 form, Final Project Disbursement Report by the dates specified on the DOE 200 form, Project Award Notification.

## **Financial Consequences**

The contract manager shall periodically review the progress made on the activities and deliverables listed. If the contractor fails to meet and comply with the activities/deliverables established in the contract or to make appropriate progress on the activities and/or towards the deliverables and they are not resolved within two weeks of notification, the contract manager may approve a reduced payment or request the contractor redo the work or terminate the contract. Payment will not be issued until the deliverable required in the project narrative has been submitted. The contract manager must assess one or more of these consequences based on the severity

of the failure to perform and the impact of such failure on the ability of the contractor to meet the timely and desired results. These financial consequences shall not be considered penalties.

**Allowable Expenses:**

The only allowable expenses associated with this RFA are the payment of qualifying teacher bonuses.

Program funds must be used solely for activities that directly support the accomplishment of the program purpose, priorities and expected outcomes during the program period. All expenditures must be consistent with the approved application, as well as applicable state and federal laws, regulations and guidance. Expenses for personal digital assistants (PDA), cell phones, smart phones and similar devices, including the service costs to support such devices may be allowable, with FDOE prior approval. Applicants will need to describe and justify the need for such devices, identify the amount that will be applicable to the project and how the device will be kept secure.

Per Chapter 215.971 F.S. financial consequences will be applied if the subrecipient fails to perform the minimum level of services required by the agreement.
