Up to four characters describing course attributes which give additional information needed by the district or state for counseling, tracking of credits, flagging for use with weighted grade point averages, etc. The letter or number codes defined below will be standard statewide. Any time one of the codes below is printed under "Course Flag" on the permanent record printout, it must correspond to the meaning given below. The field may also be used for locally defined codes which are consistent with state requirements for the use of state course numbers and titles.

On the Student Course Transcript Information reporting format up to four codes may be reported for a specified course. The coded values do not have to appear in any specific order and must be left-justified.

P	Course in Progress. For use in 1) interdistrict records transfer to indicate the courses the student was taking and had not yet completed at the time when he or she left the sending district; and 2) for Exceptional Student Education courses taken over a longer period of time than usual.
