Letter of Interest

My name is Art Vanden Houten. I'm the Vice President of Academic Affairs at Flagler College. Founded in 1968, Flagler College is a private, liberal arts college in historic St. Augustine, Florida, with more than 20,000 graduates worldwide. We are interested in formally pursuing an articulation arrangement with each of the 28 institutions within the Florida State College System. We're also interested in pursuing individual Articulated Program Pathways with our partner institutions.

Flagler College is a recognized leader in preparing students for a life of learning and career success while making college affordable. The school has been ranked by US News and World Report as well as The Princeton Review as one of the best regional colleges in the southern United States. Students excel in nationally renowned programs in business, education, history, design, fine art, psychology, communication, sport management, and Coastal Environmental Science. Flagler alumni are successful in the graduate arena as well, continuing their education journey at prestigious graduate schools including Boston University, Columbia University, Duke University, Harvard University, Johns Hopkins University, Princeton Theological Seminary, University College London, University of Notre Dame, and many more.

Flagler College is accredited by a regional accreditation agency recognized by the U.S. Department of Education to award baccalaureate and master's degrees. In addition to Institutional Accreditation, Flagler College's Education program is approved by the Department of Education in the state of Florida for the preparation of teachers and the Deaf Education Program is certified by the Council on the Education of the Deaf.

In accordance with the ICUF (Independent Colleges and Universities of Florida) Articulation Agreement, Flagler College, as a member of ICUF, provides guarantees to transfer students who have earned an A.A., A.S. or A.A.S. Degree from any member institution of the State of Florida Public College System. Students transferring with an associate degree and a minimum 2.0 G.P.A., will receive credit for coursework in their degree program and will enter Flagler College with junior status. All their CORE requirements are considered met once their degree is conferred. That puts them nearly halfway through their bachelor's degree.

As a US News top 3 Regional College, Flagler College provides hands-on national and global learning experiences that prepare students for world challenges. We welcome students from all over the state, country and world to experience learning in a way that catapults students to successful careers.

I have attached a draft copy of an articulation agreement for review. We welcome an opportunity for discussion on the benefits of a Flagler College partnership.

Sincerely,

Dr. Arthur Vandenhouten
Vice President of Academic Affairs
