MEMORANDUM

TO: District School Superintendents

FROM: Suzanne Pridgeon

DATE: July 9, 2024

SUBJECT: July 2024-25 Full-Time Equivalent (FTE) Student Survey Information

[Section \(s.\) 1011.62\(1\)\(a\), Florida Statutes \(F.S.\)](#), requires Florida school districts to report FTE student membership by conducting periodic surveys throughout the school year. The July FTE student survey for the 2024-25 Florida Education Finance Program (FEFP) will be conducted during the week of July 8-12, 2024, and the data from this survey will be used in the third calculation of the 2024-25 FEFP. **“Date Certain” for all schools in all school districts is Friday of survey week.** “Date Certain” is the specific time for setting student schedules on the local student course record and is used for reporting the “FTE Reported, Course” data element.

Please see the attached list of cost factors and program numbers for the 2024-25 fiscal year, and the schedule of reporting deadlines for 2024-25 through 2027-28. The *2024-25 FTE General Instructions*, which provides detailed instructions for reporting FTE, will be sent in a separate memorandum later in the year once approved by the Florida State Board of Education.

General Information

The system cut-off date for reporting July survey data to be used in the 2024-25 FEFP Third Calculation is September 30, 2024. All database entries must be complete as of this date to be included in the calculation. **It is important that validation reports be requested prior to this date and all FTE student data in error be corrected before submitting a certification letter to the Florida Department of Education (department).**

The attached form letter, which certifies July 2024 **reported** FTE student data, must be signed by the superintendent or designee and submitted to the Bureau of School Business Services no later than **October 14, 2024**. The unweighted reported FTE student totals provided in this letter must match the totals reported in the database as of the system cut-off date. **Once notified of the availability of**

certification reports, districts should use FTE Report 05.108 to verify FTE student data recorded in the database for the certification letter. The information in this letter will be compared to the department's report to ensure that accurate information is used to recalibrate FTE student data. Please note that only reported FTE student data should be provided in the FTE student data certification letter.

Family Empowerment Scholarship (FES) Program

Beginning in 2023-24, school districts were no longer responsible for reporting FTE students enrolled in the FES program. The department reports these students for each school district based on the number of students enrolled in and receiving payments through the FES program. Certification letters submitted should certify district reported FTE only and will not include any FES FTE. Each calculation of the FEFP will include a summary of the FES FTE associated with each school district.

FTE Student Data to be Reported

The Florida Virtual School (FLVS) part-time instruction program, credit recovery in virtual instruction programs, and virtual charter schools may operate for more than the 180-day school year and may report the associated FTE for funding. Instructional programs operating within Florida Department of Juvenile Justice (DJJ) programs and Incompetent to Proceed programs are required to provide 250 days of instruction over 12 months. Starting in 2024-25, instruction at the residential programs will be delivered through the Florida Scholars Academy, pursuant to section (s.) 985.619, Florida Statutes (F.S.). The department continues to collect student enrollment data for the residential programs for reporting purposes. Nonresidential DJJ facilities remain funded for a 230- to 250-day school year or the hourly equivalent. Other prekindergarten through grade 12 courses offered beyond the regular school year are funded through the Educational Enrichment Allocation. Although funding for such courses does not depend on reported FTE student data, districts are still required to report summer non-funded FTE student data in the Automated Student Information System so associated statistical reports can be generated.

In addition to the FTE student data for programs that operate for more than 180 days or the hourly equivalent, the FTE student data for credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in s. 1011.62(1)(c), F.S., should be reported in the June survey for the following programs: school district virtual instruction programs ([s. 1002.45, F.S.](#)); school district virtual course offerings ([s. 1003.498, F.S.](#)); virtual charter school programs ([s. 1002.33, F.S.](#)); FLVS full-time programs ([s. 1002.37\(9\), F.S.](#)); franchises of FLVS ([s. 1002.37\(4\), F.S.](#)); and FLVS courses delivered on a public school campus (s. 1002.37(3)(d), F.S.). Students who successfully complete a virtual instruction course should be reported in the June survey. A virtual instruction course that is not successfully completed should be reported in the June survey with "FTE Reported, Course" equal to 0.0000.

Exceptional Student Education (ESE) Student Record

The FTE student records of students receiving ESE services (FEFP program numbers 111, 112, 113, 254, and 255) must have a matching ESE student record to generate funding under the FEFP.

Classroom Identification, Florida Inventory of School Houses (FISH) Number

To generate funding under the FEFP, each teacher course record for courses taught in a school district classroom in surveys 2 and 3 must contain a valid classroom identification FISH number that matches a number in the FISH file.

Reports 60.021 (Supplemental FTE Data File List) and 71.411 (Supplemental Bonus FTE) are available upon request. Report 60.021 provides data regarding the Florida Department of Children and Families programs, and report 71.411 provides data regarding the Florida Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, Early High School Graduation and Dual Enrollment programs. School districts can use these reports to verify the FTE in these programs. For additional information, see the [2023-24 Student Information System Database Manual](#).
