Automated Student Reporting Format

2002-2003 Department of Juvenile Justice Student Entry Assessment

1. Submit this record during reporting period 5 for all students who entered a Department of Juvenile Justice (DJJ) commitment, day treatment, or early delinquency intervention program during the school year and who have not graduated from school. More than one record should be submitted if a student enters more than one DJJ school during the year. If two entry assessments are given in the same subject area at the same school in one school year, only the most recent assessment should be submitted.

2. Report entry test information for each of three subject areas (reading, mathematics, and writing).

3. SCHOOL NUMBER, WHERE TESTED: Enter the DJJ school number the student attended at the time of the assessment.

4. TEST USE: Use code O (On Level) if the test level is the same as the student's grade placement level and use code F (Functional) if the test level is below the student's grade placement level.

5. KEY FIELDS: The key fields for this format are item numbers 1 through 5.

				students, adult general education students, and postsecondary vocational students.
			→	<u>If the student provides a social security number, the Florida Student Number Identifier equals the social security number followed by an "X".</u>
				nnnnnnnnX Example: 123456789X
			→	If a student <u>does not</u> provide a social security number, the school district should assign a number using the common method statewide.
				<u>First 2 Digits</u>
				For any student entering a Florida school district for the first time who does not have a social security number, the first two digits will represent the district of initial entry into the Florida school system.
				<u>Last 8 Digits</u>
				NNNNNNNN The last eight digits are district-defined in such a way as to result in a unique student number within the district where the number is originally assigned.
				See data element number 175625 of the DOE Information Data Base Requirements: Volume I -- Automated Student Information System for more information.
4	**17-20**	**4**	**N**	**School Year**
				The school year for which courses, grades and credits are recorded in the student's permanent Record or the school year for which data are reported. School year is:
				YYYY Example: 8788
