**MEMORANDUM**

**TO:** School District Superintendents

**FROM:** Suzanne Pridgeon

**DATE:** September 19, 2025

**SUBJECT: October 2025-26 Student Transportation Survey Information**

The October 2025-26 student transportation survey (Survey 2) will be conducted during the week of October 6-10, 2025. The Automated Student Information System (student transportation format) will be used by all districts to transmit their October student transportation survey information.

The initial due date for reporting October survey data is October 17, 2025. Any corrections or revisions to this data must be addressed by December 15, 2025, to be incorporated into the 2025-26 Florida Education Finance Program (FEFP) Third Calculation. The attached form letter, which certifies the adjusted student membership and the number of buses reported on the database, must be signed by the superintendent or designee and submitted to the Florida Department of Education (department) no later than **December 29, 2025**. The October student transportation information provided in the letter must match that reported in the district database as of the December 15, 2025, cut-off date. **Once notified of the availability of certification reports, districts may use Transportation Report F63499 or F70092 to verify adjusted membership and bus information recorded in the database for the certification letter.** The information in the letter will be compared with the department's report to ensure that accurate information is used to calculate transportation funding.

Charter schools with eligible students who are reported for FEFP transportation funding must submit ridership reports to their sponsoring school district for inclusion in the survey data submitted to the department. **Charter schools do not have to submit a certification letter to the department** and are encouraged to contact the transportation director in their sponsoring school district regarding the district's reporting process and procedures prior to the survey.
