This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Phase 1

Part I: Schools to Be Supported

Pursuant to section 1008.33, Florida Statutes (F.S.), and Rule 6A-1.099811, F.A.C., the district shall submit a Turnaround Option Plan for the school(s) required to plan for turnaround in 2015-16.

Item 1: In the box below, list the full name and Master School Identification (MSID) number for each school to be supported through the district's turnaround plan.

Oscar Patterson Elementary- 03-0291

Part II: Stakeholder Engagement

A. Community Assessment Team

Pursuant to section 1008.345, F.S., the district shall recruit representatives of the community, including the RED, parents, educators, local government and business representatives, and community activists, to establish a Community Assessment Team (CAT) to review performance data in schools earning a grade of F or three consecutive grades of D. Note: The CAT is a districtivide initiative; a School Advisory Council (SAC) cannot replace a CAT.

Item 2: The district shall use the 2016-17 DIAP, Section I.B.2, to describe the role of the CAT in reviewing school performance data, determining causes for low performance and making recommendations for school improvement.

B. Turnaround Option Selection Process

Item 3: The district shall use the 2016-17 DIAP, Section I.B.2, to describe efforts to engage and involve stakeholders (including feeder patterns) in the turnaround option selection process, including, but not limited to, providing evidence of parent meetings held at times and locations convenient for parents or guardians.

Part III: Turnaround Option Selection

Pursuant to section 1008.33, F.S., the district shall select a turnaround option to implement in the next full school year should the district be required to implement based on the 2016 school grade.

A. Needs Assessment

The district shall review each school's performance trend data and qualitative information, such as data collected through school visits, surveys and interviews, to develop a plan to address the greatest areas of need across the following domains: Effective Leadership, Public and Collaborative Teaching, Ambitious Instruction and Learning, Safe and Supportive Environment, and Family and Community Engagement.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Item 4: Describe the needs assessment methodology used by the district and provide a brief summary of the results in the box below.

CIMS: Academic Outcomes Plot in conjunction with School Grade Data, VAM data, Northwest Evaluation Association Measures of Academic Progress (NWEA MAP), PLUS² Learning Walk data, Risk Factor Analysis, and Climate Survey results will continue to be used to determine and plan for the following domains as defined in each school's improvement plan: *Effective Leadership, Public and Collaborative Teaching, Ambitious Instruction and Learning, Safe and Supportive Environment, and Family and Community Engagement.* Further, the Turnaround Toolkit discusses areas of strength, weakness, and next steps for Oscar Patterson Elementary.

Oscar Patterson's school grade data in 2016 ranked a letter grade of F with 22% of possible points earned, decreasing from a letter grade of D in 2015. Further breakdown of the 2016 scores indicate the following:

PLUS² Data Monitoring System

Systematic progress monitoring of schools through the systemic Progressive Learning and Understanding through Support Systems (PLUS²) four times per year with the PLUS² team and bi-monthly support. Tier 3 support- most intensive for this school.

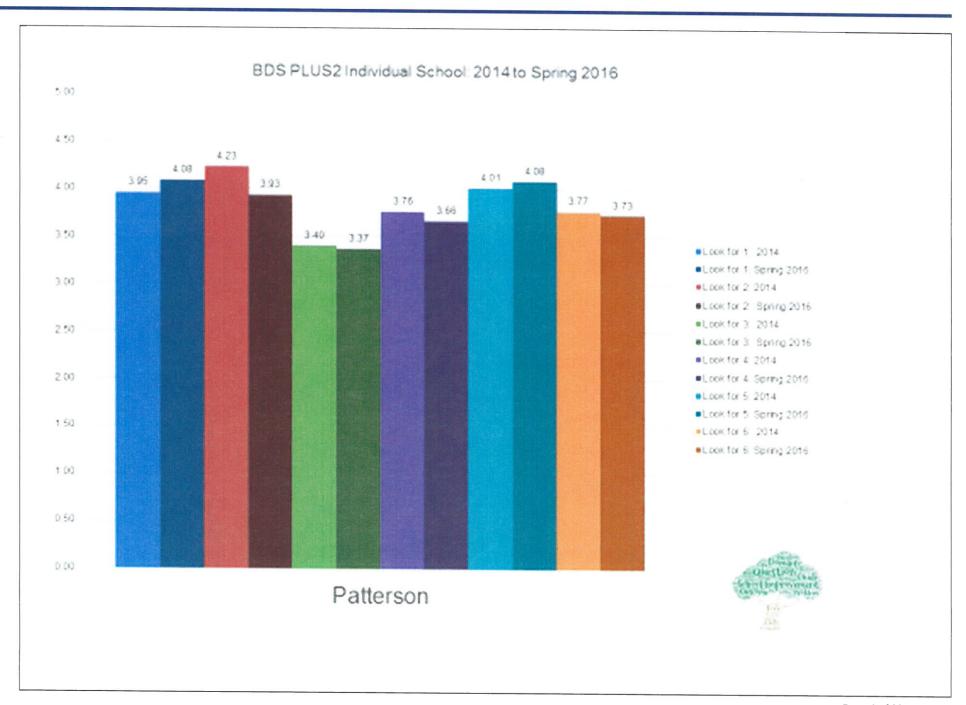

With a pre-defined rubric, Bay District Schools also utilizes the PLUS² monitoring system to collect school-wide data on 6 look-fors;

- 1. Utilizing the Standard
- 2. Instructional Framework for English language arts (ELA), mathematics, and other content areas.
- 3. Levels of Thinking in Tasks and Questions
- 4. Cognitive Engagement
- 5. Differentiated Instruction
- 6. Ongoing Assessment

Decisions and adjustments occur immediately.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

2016 School Climate Surveys were administered via AdvancED's eProve system measuring on a Likert scale from 0-5. Oscar Patterson data indicates the following:

Staff Survey overall score 3.92:

Purpose and Direction: 4.29 Governance and Leadership: 3.97

Teaching and Assessing for Learning: 3.83 Resources and Support Systems: 3.76

Using Results for Continuous Improvement: 4.02

Parent Survey overall score of 2.42:

Purpose and Direction: 1.83 Governance and Leadership: 1.00

Teaching and Assessing for Learning: 3.36 Resources and Support Systems: 2.11

Using Results for Continuous Improvement: 3.00

Oscar Patterson Initiatives:

- Full time math coach and shared ELA coach to support new teachers and improvements. Additionally, weekly science mentoring and instruction will be led by the Science Staff Training Specialist.
- Additional minutes of ELA instruction above required (900 minutes)
- Increase instructional time for Tier 3 academics by suspending special area (extra 30 minutes)
- SRA school wide with Principal managing paras, groups etc.- working to build rigor as indicated in student achievement data and PLUS2 Look-for 3 (Levels of Thinking in tasks and questions).
- 16-17 Rollout of comprehensive ELA Complex Text Initiative to include task cards, paired text to standard by various Lexiles, and progression scales, etc.
- Walk to Read, K-5 Differentiated instruction
- MFAS Task Implementation K-5 Differentiated instruction
- Attendance Initiative
- Community partnership with New Bethel Baptist church and Family of God Praise and Empowerment Center to support PBIS, attendance
- Patterson PEARLS and Progressive Males

Bay District Schools 2016 Template - Turnaround Option Plan (TOP) - Phases 1 and 2
This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

B. Turnar	ound Option	Selection
-----------	-------------	-----------

tem nark	5: The district must select from the following turnaround options based upon the school's needs assessment. Indicate the selection(s) by ing one or more boxes below with an X.
	Option 1: District-Managed Turnaround
	The district will manage the implementation of the turnaround plan in the school. Note: A school that earns a grade of "D" for three consecutive years must implement the district-managed turnaround option.
	Option 2: Closure
	The district will reassign students to another school or schools and monitor progress of each reassigned student.
	Option 3: Charter
	The district will close and reopen the school as one or more charter schools, each with a governing board that has a demonstrated record of effectiveness.
	Option 4: External Operator
	The district will contract with an outside entity that has a demonstrated record of effectiveness to operate a school.
\geq	Option 5: Hybrid
	The district will implement a hybrid of turnaround options 1-4 or other reform models that have a demonstrated record of effectiveness

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Item 6: Provide a brief summary of the rationale for the turnaround option selection(s) in the box below.

BDS will follow TNTP's recommendations and immediately develop an action plan with TNTP for the remainder of the school year once the report has been completed. The action plan timeline will depend on the work outlined in TNTP final recommendations. TNTP is gathering both qualitative and quantitative data through conducting learning walks, interviews, data disaggregation, and trend research. TNTP's approach will focus on three areas: rigorous academics, talented people, and supportive environments to

- Identify gaps in instruction and other systems
- o Identify clear, academic priorities and strong curricular resources
- Provide ongoing coaching for teachers and administrators
- o Provide training on essential knowledge of Florida Standards
- o Provide direction and recommend improvements

For the past two years, Bay District has embraced a systemic approach for progress monitoring student achievement and instructional practices, and we continue to support Patterson in their improvement efforts.

Bay District Schools has dedicated administrators with years of experience, leadership, and consistency at this turnaround school. Mrs. Darnita Rivers, Principal of Oscar Patterson Elementary, has been in administration for fifteen years with two at Oscar Patterson. Mrs. Rivers is dedicated to overcoming the barriers that face her school and is striving to lead Oscar Patterson out of turnaround status.

16-17 BDS Curriculum Support:

- Monthly visit by Director of Elementary Instruction to support principals. Learning walks will be done with administration using Google Forms to provide teachers specific feedback.
- Monthly visit by Instructional Specialist for School Improvement to support principals. Learning walks will be done with administration using Google Forms to provide teachers specific feedback.
- Continue ELA/Math Liaisons for every grade level to build capacity and strengthen PLCs
- Professional development for 5th grade science teachers
- Common Formative Assessment (CFA) training with Cassie Erkens, expand on PLC work and CFA
- PLUS² monitoring of data and instruction

16-17 BDS Structural Support:

- BDS Teacher Contract for Differentiated Performance Pay of \$7,500 for Effective and \$10,000 for Highly Effective.
- Principal Incentive Pay ranging from \$2,500 to \$10,000
- Title 1 distribution and supports for both schools
- ESE Inclusion funds to support inclusion initiative
- Additional requests met through Title 2

Bay District Schools has compelling evidence through data indicated in Item 4 which show Oscar Patterson improving given various data points. For the past two years, Bay District has embraced a systemic approach for progress monitoring student achievement and instructional practices and we continue to support Oscar Patterson in their improvement efforts.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Bay District Schools has dedicated administrators with years of experience, leadership, and consistency at this turnaround school. Mrs. Rivers is dedicated to overcoming the barriers that face her school and is striving to lead Oscar Patterson out of turnaround status.

Phase 2

Pursuant to section 1008.33, F.S., the district shall submit a plan for implementing the turnaround option should the district be required to implement based on the 2016 school grade of the school(s) named in this form. Complete the requirements of the option(s) selected during Phase 1 and attach relevant documentation.

Option 1: District-Managed Turnaround (DMT)

Areas of Assurance

By selecting this option and submitting this form, the district agrees to the following assurances. The district shall use the 2016-17 DIAP in CIMS to document compliance responses to the assurances and attach the completed DIAP to this form.

DMT Item 1: Assurance 1 – Addressed in DIAP Section I.C.2

The district shall ensure the district-based leadership team includes the superintendent; associate superintendent(s) of curriculum; general and special education leaders; curriculum specialists; behavior specialists; student services personnel; human resources directors; professional development leaders; and specialists in other areas relevant to the school(s), such as assessment, English language learners and gifted learners.

DMT Item 2: Assurance 2 – Addressed in DIAP Section I.A.2.c

The district leadership team shall develop, support and facilitate the implementation of policies and procedures that guide the school-based leadership team(s) and provide direct support systems.

DMT Item 3: Assurance 3 - Addressed in DIAP Section I.C.1

The district shall adopt a new governance structure for the school(s), which may include, but is not limited to, requiring the principal(s) to report to a "turnaround office" or "turnaround lead" at the district level who reports directly to the superintendent.

DMT Item 4: Assurance 4 - Addressed in DIAP Section I.A.2.d

The district shall give the school(s) sufficient operating flexibility in areas such as staffing, scheduling and budgeting, to fully implement a comprehensive approach to substantially improve student achievement outcomes and increase graduation rates in high schools.

DMT Item 5: Assurance 5 - Addressed in DIAP Section I.C.3.b

The district shall employ a reliable system to reassign or replace the majority of the instructional staff whose students' failure to improve can be attributed to the faculty.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

DMT Item 6: Assurance 6 – Addressed in DIAP Section I.C.3.b

The district shall ensure teachers are not rehired at the school(s), unless they are effective or highly effective instructors, as defined in the district's approved evaluation system, pursuant to section 1012.34, F.S.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Implementation Plan

DMT Item 7: Identify one or more of the following Areas of Focus the district will address in the **2016-17 DIAP** by marking the box with an X. **Part III of the DIAP** shall contain the details of how the district will implement the selected Area(s) of Focus and other strategies in order to meet the needs of the school(s) identified in this form.

The district shall identify progress monitoring and summative assessments that will be used in the school(s), the administration frequency of each, how the data will be analyzed, and how changes in instruction will be implemented and monitored. The district shall describe the specific training and follow-up that will be provided to support the implementation of a comprehensive, data-based, problem-solving framework.

☐ Area of Focus 2

The district shall identify the new or revised instructional programs for reading, writing, mathematics and science; the research base that shows it to be effective with high-poverty, at-risk students; and how they are different from the previous programs.

☐ Area of Focus 3

The district shall ensure instruction is differentiated to meet the individual needs of students. Strategies for push-in, pull-out or individual instruction shall be included in the plan.

☐ Area of Focus 4

The district shall conduct a comprehensive search to replace the principal(s), assistant principal(s) and instructional coach(es).

☐ Area of Focus 5

The district shall increase learning time in the school(s), as defined in Rule 6A-1.099811(2)(m), F.A.C., by a total of 300 hours annually; at least 60 percent of time shall support all students (e.g., extended day, week, or year) and up to 40 percent of time may be provided through targeted services (e.g., before school, after school, weekend and summer).

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

DMT Item 8: In the box below, briefly summarize the strategies the district has included in **Part III of the 2016-17 DIAP** to reduce or eliminate internal systemic barriers and address the needs of the school(s) named in this form.

The PLUS² monitoring system is used to provide feedback, reallocate supports and resources, and collect data relative to student performance and the instructional practice. The turnaround lead will visit Patterson monthly to discuss progress with the principal, participate in leadership team meetings, conduct learning walks using a form that will provide feedback directly to teachers regarding the PLUS² lookfors and other related data. Instructional coaches for both ELA and mathematics will be on campus to provide job-embedded support in the classrooms.

Further, in addition to the earned units, Oscar Patterson has been allocated with additional units.

Oscar Patterson: 5 units

Math Coach- 1 unit Literacy Coach- 1 unit ESE PreK- 1 unit ESE Teacher- 1 unit Social Worker 1 unit

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Phase 2

Option 4: External Operator

Areas of Assurance

By selecting this option and submitting this form, the district agrees to the following assurances.

Assurance 1

The district shall enter into a contract with a school turnaround organization or Education Management Organization (EMO) to operate the school(s), following established district policies and procedures for contracting with external providers.

Assurance 2

The district shall select an organization with a successful record of providing support to high-poverty, low-performing schools, and shall provide evidence of its qualifications to the department, upon request.

Assurance 3

The district shall ensure teachers are not rehired at the school(s), unless they are effective or highly effective instructors, as defined in the district's approved evaluation system, pursuant to section 1012.34, F.S.

Implementation Plan

External Operator Item 1: For this option, the district shall use the 2016-17 DIAP in CIMS to provide the details of how the district will address the areas of assurance and meet the needs of the school(s) identified in Phase 1. In the box below, provide the page numbers of the attached DIAP where these items are addressed.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

Phase 2

Option 5: Hybrid

By selecting this option, the district shall develop a hybrid of turnaround options 1-4 or other turnaround models that have demonstrated effectiveness in increasing student achievement in similar populations and circumstances.

Areas of Assurance

By selecting this option and submitting this form, the district agrees to the following assurances. The district shall use the 2016-17 DIAP to document compliance with the assurances.

Assurance 1

In the case where multiple providers may be engaged, the district and organizations shall provide documentation that clearly delineates the roles and responsibilities of each organization and how each works to support or enhance the function of others.

Additional Assurances

If the district is developing a hybrid model that includes components of options 1-4, the district shall comply with all applicable requirements of the respective options, and should include the corresponding assurances in the implementation plan.

Implementation Plan

Hybrid Item 1: The 2016-17 DIAP shall include the details of how the district will implement the strategies in the school(s) identified for turnaround in order to meet the needs of the school(s) as identified through the needs assessment in Phase 1. Use the box below to enter a brief summary of the strategies the district has included in Part III of the DIAP to reduce or eliminate internal systemic barriers and address the needs of the school(s) named in this form.

Bay District Schools will be partnering with TNTP (The New Teacher Project). An in-depth needs assessment will be conducted to diagnose and address challenges as well as assist in building the capacity of leadership and teachers at Cedar Grove and Oakland Terrace.

By October 2016, TNTP will provide final recommendations for improvement for Patterson. BDS will follow TNTP's recommendations and immediately develop an action plan with TNTP for the remainder of the school year once the report has been completed. The action plan timeline will depend on the work outlined in TNTP final recommendations. TNTP is gathering both qualitative and quantitative data through conducting learning walks, interviews, data disaggregation, and trend research.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

TNTP's approach will focus on three areas: rigorous academics, talented people, and supportive environments to

- o Identify gaps in instruction and other systems
- o Identify clear, academic priorities and strong curricular resources
- o Provide ongoing coaching for teachers and administrators
- o Provide training on essential knowledge of Florida Standards
- Provide direction and recommend improvements

TNTP Timeline:

August	 TNTP interview of principals and district staff TNTP lead and instructional expert will meet with administration, leadership team, staff to gather baseline data BDS quantitative data forwarded to TNTP analyst
September	TNTP walkthough of classrooms at both schools
October	Final Recommendations submitted by TNTP to identify next steps and develop action plan

Once per month, the Director of Elementary Instruction will visit the school to discuss progress with the principal, conduct learning walks, and support the principal of each school. Instructional coaches for both ELA and mathematics will be on each campus daily to provide jobembedded support in the classrooms.

Bay District Schools will continue the PLUS² <u>systemic data monitoring system</u> used to provide feedback, reallocate supports and resources, and collect data relative to student performance and the instructional practice. The turnaround lead will visit each TOP school bi-monthly to discuss progress with the principal, participate in leadership team meetings, conduct learning walks using a form that will provide feedback directly to teachers regarding the identified work of TNTP. **Decisions are made immediately. If a school needs a resource or support, adjustments occur IMMEDIATELY.**

Further, in addition to the earned units at both schools, each school has been allocated with additional units and strategies to recruit highly effective teachers has been employed, such as a performance incentive of \$7,500 Effective and \$10,000 for Highly Effective; the school's having the first opportunity to list vacancies for hiring, and a district-wide email to highly effective teachers encouraging them to transfer to Cedar Grove and Oakland Terrace from the Superintendent.

Bay District Schools has also offered the following recruitment incentives:

1. Provide teacher with a class set of iPads or other specified technology along with training and resources.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

- 2. Assist teacher in moving and setting up classroom.
- 3. Classroom supplies of up to \$1000 to be distributed throughout the year.
- 4. A TDY day provided once a month, at the district's expense, for work on in-depth data analysis, one on one professional development with the reading and math coach or other needed research-based activities.

Appendix G of the Association of Bay County Educators (ABCE) Contract is a written agreement with the school district to attract and retain highly effective teachers at Focus and Priority schools.

If a teacher, as qualified below, volunteers, signs transfer paper, and is selected to move to a qualified school by August 1, he/she will receive a yearly bonus of \$5,000. The bonus will be paid over the course of the school year.

Teacher Qualifications:

- Teacher must hold a current professional teaching certificate
- Teacher must have a Direct student growth measure that is Highly Effective for two out of the three most recent years
- Must have a minimum of 8 students tested in qualifying area

Bonuses are as follows:

- A yearly bonus of \$5,000 will be given for teachers at
 - a. Schools presently rated a "D" or "F"
 - b. Schools rated a "D" or "F" two out of the three most recent school years
 - c. At the recommendation of the Superintendent and the approval of the Board, schools previously eligible for Performance Pay can be extended, as qualifying schools, in this manner:

First year - qualifying teachers earn \$2,000.00

Second year - qualifying teachers earn \$1,000.00

NOTE: Bay District Schools is currently negotiating with the teachers' association to increase the performance pay from \$5,000 to \$7,500 Effective/\$10,000 Highly Effective at Patterson. Contract ratification will change Appendix G of the Contract accordingly.

Look-for Calibration

The PLUS² Process collects data from conducting fifteen-minute learning walks in order to drive district level professional development and support teachers through jobembedded professional development using instructional coaches.

Learning Walks are non-evaluative for teachers and Learning Walk data collection forms will be collected by PLUS² Facilitator and later shredded as to maintain teacher confidentiality. Forms will NOT be left at the school. Each learning walk team will designate a member to keep time, look at lesson plans, and ask students questions related to the look-fors.

Principals should notify teachers to have a printed copy of lesson plans on their desk for PLUS² members to look over. If teachers have additional data for groups, differentiation, etc. they may also display that. In this way, PLUS² members will be able to mark accordingly for evidence obtained from lesson plans in order to identify look-fors accurately.

Bay District Schools has identified six look-fors which when fully implemented and embedded represent high-quality instruction. Each look-for is identified on a whole-number scale from 1-5 (as seen below) and each group will come to consensus after each learning walk. Evidence collected in the classroom is based solely on the time during the Learning Walk, what is seen and heard during this time. Then, look-for data is inputted into a data collection tool to be combined with other group scores for a collective average for the school. School data will be sent to principals in order to identify school-wide trends and patterns. School data will be combined and analyzed at the district level to identify district-wide trends and patterns in order to drive discussion and support schools through supports, coaches, and professional development.

NEW FOR 2016-2017- Look-fors 2, 3, 6 will be a focus with data collected encompassing these look-fors. Please note: all look-fors are intertwined and still important for implementation purposes.

Bay District Schools 2016 Template - Turnaround Option Plan (TOP) - Phases 1 and 2
This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

1. Utilizing Standard: IE Learning Objective/Learning Goal/etc.

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
No standard(s)/daily objective/lesson purpose, or learning goal posted.	Standard(s)/daily objective/lesson purpose, or learning goal posted but not referenced. Students unable to connect task to posted objective or daily objective to the larger learning goal for the unit. Observers may ask students, What are you doing? Why are you doing it? What's it helping you learn?	Standard(s)/daily objective/lesson purpose and learning goal are posted (visible to students) and referenced. Students are able to explain how the task is connected to the daily objective and how daily objective connects to larger learning goal.

2. Instructional Framework ELA/Math/Content Area ELA Instructional Framework

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded						
*No evidence of Reading Framework	*Limited evidence of small group	*ELA classrooms utilize the gradual release of						
integrated within ELA instruction.	instruction or centers/stations (may vary in appearance according to curriculum).	responsibility model: I do, we do, you do together, you do independently.*Structure of Reading Framework						
*This is a teacher-centered classroom.	appearance according to curriculum).	(Whole Group/Small Group, Centers/Stations,						
This is a teacher connected chassiconii.		Technology, Writing, etc.) integrated within ELA						
		instruction (may vary in appearance according to						
		curriculum).						
		*Standards-based and appropriately rigorous						
		stations/centers.						
		*Small/whole group instruction						
		*Text-based Writing in Response to Reading; to						
		include Six traits and citing of evidence.						
	, , , ,	*Academic discourse						
		*Classroom procedures have been established and are						
		routine to support the instructional framework.						
		*This is a student-centered classroom.						

Math Instructional Framework

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded					
*No evidence of Math Frameworks being	*Limited/ineffective use of the Math	Effective use of the Math Frameworks Sequence of					
implemented, as primarily evidenced by	Frameworks Sequence of Standards Based	Standards Based Instruction:					
an over-emphasis on procedural	Instruction	o 5 Minute Cumulative Review					
understandings and lack of student		o Number Talks of Misconception Spotlight					
thinking/reasoning	*Limited integration of the Math Practice	o You Think					
	Standards as evidenced by some student	o We Share, I Facilitate					
*No evidence of incorporation of the	discourse but limited mathematical	o You Apply, I Refine					
Math Practice Standards as evidenced by	reasoning or mathematical						
a lack of student discourse, mathematical	application/modeling.	*Evidence of the integration of the Math Practice					
reasoning and mathematical		Standards as evidenced by student discourse					
application/modeling	1.0	which is focused on mathematical reasoning and					
		application and/or modeling					
*This is a teacher-centered classroom.		*This is a student-centered classroom.					

Content-area Instructional Framework

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
*No evidence of Instructional Framework integrated within content-specific instruction. *This is a teacher-centered classroom.	*Students are participating in whole group instruction with limited evidence of small group/guided group/collaborative pairs instruction or centers/stations (may vary in appearance according to curriculum). *Science specific: Limited evidence of hands-on learning/labs	*Content area classrooms utilize the gradual release of responsibility model: I do, we do, you do together, you do independently. *Students know and understand the purpose of small group/collaborative pairs, guided group, whole group instruction. *Science specific: Evidence of hands-on learning/labs *Social Studies Specific: Evidence of primary source analysis/document-based questions *Academic discourse *Classroom procedures have been established and are routine to support the instructional framework. *This is a student-centered classroom.

This is a paper form generated to satisfy the requirements of Form TOP-1 and Form TOP-2, incorporated by reference in 6A-1.099811, F.A.C. (December 2014)

3. Levels of Thinking: How deeply does someone interact with the text or material in order to complete the task or answer the question?

Levels of Thinking: Tasks

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
No evidence of higher levels of thinking in tasks.	Few tasks elicit higher levels of thinking, but the majority of tasks are at lower level of thinking.	Evidence of a range of tasks eliciting higher levels of thinking.

Levels of Thinking: Questions

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
No evidence of questioning that elicit higher levels of thinking.	Teacher asked few developmentally appropriate questions eliciting higher levels of thinking.	Evidence of a range of developmentally appropriate questions eliciting higher levels of thinking.
		Student and teacher generated higher level questions are present.

. Student Cognitive Engagement

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
Retreatism/Rebellion. Students are off task and behavior management issues may be observed.	Compliant/Ritually Engaged. Students are participating and doing the work.	Authentic Engagement. Students are metacognitive and are thinking about their learning (what am I doing, and why am I doing it).

5. Differentiated Instruction- need to have evidence clearly marked on teacher desk for this lookfor

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
*There is no evidence of planning for differentiation. *There is no evidence of meeting the needs of students during instruction.	*Limited evidence of planning and documentation for differentiated instruction. *Grouping of students is evident.	*Teachers plan and document for differentiated instruction and <u>flexible</u> grouping: (possible examples could include, but are not limited to: data notebook, lesson plans, guided group anecdotal notes, PLC minutes, etc.) *Teachers are meeting the needs of students during instruction based on evidence of differentiated instruction (content, process, product, <u>or</u> environment). *How do we know students' needs are being met?

6. Ongoing Assessment

1- Not Implemented	3- Implemented, not yet embedded	5- Fully implemented & embedded
*No established criteria for what mastery of standards looks like. *No evidence of formative assessment during instruction. *No evidence of effective and specific feedback used at any time during instruction.	*Some criteria for what mastery of standards looks like: (possible examples could include, but are not limited to: generic progression scale, generic rubric, exit ticket). *Limited evidence of formative assessment during instruction. *Limited evidence of effective and specific feedback (verbal and/or written) used at any time during instruction.	*Clear established criteria for what mastery of standards looks like through a content specific progression scale. *Evidence of formative assessment during instruction to know where individual students are in their learning (possible examples could include, but are not limited to: Observations, questioning, discussion, exit slips, learning logs, graphic organizers, self assessments, whiteboard response. *Evidence of effective and specific feedback (verbal and written) used consistently during instruction.
