## INTRODUCTION

The *2018-19 Safe Schools Appropriation Expenditures Report* provides detailed information about safe schools expenditures. The report includes survey data collected from all Florida school districts, including developmental research schools. In accordance with the 2018-19 Safe Schools Expenditures Survey, safe schools activities included:

- School resource officers, school campus police officers, safety and security guards, and other school law enforcement officers;
- After-school programs for middle school students;
- Middle and high school programs for correction of specific discipline problems;
- Behavior-driven intervention programs;
- Alternative school programs for adjudicated youth;
- Suicide prevention programs;
- Bullying prevention and intervention;
- Detection dogs; and
- Other improvements.

The report also presents specific data related to school resource officers, including the number of officers assigned to schools, and the number of schools served by these officers. Funding sources for school resource officers are also included.

In 1986, the Florida Legislature enacted the Florida Safe Schools Act. Funding was based solely on the juvenile crime index, with large urban school districts receiving a major portion of the funds. This method of allocation continued through the 1992-93 school year, after which the Florida Safe Schools Act was not funded for several years and rescinded by the 1997 Florida Legislature.

In 1994, the Florida Legislature funded safe schools activities through proviso language in the General Appropriations Act. This funding has continued each year since then. The proviso language for 2018-19 can be found in Appendix A. The total amount appropriated for safe schools in the General Appropriations Act was \$64,456,019. The formula for determining district funding was based on county crime index and student enrollment. Each school district received a minimum of \$62,660 from the Safe Schools Appropriation. The balance of the appropriation was then distributed among the districts, with two-thirds based on the latest official Florida Department of Law Enforcement Crime Index and one-third based on each district's share of the state's total unweighted student enrollment. For 2018-19, Section 42 of Chapter 2018-3, Laws of Florida (L.O.F.), appropriated an additional sum of \$97,500,000 for the safe schools allocation. This allocation increased the minimum amount to \$250,000, with the balance of the additional amount being distributed to school districts based on each district's share of the state's total unweighted student enrollment. Appendix B provides the total Safe Schools Allocation for 2018-19.

**TABLE 1 – 2018-19 SAFE SCHOOLS APPROPRIATION EXPENDITURES**

The Safe Schools Appropriation is a major source of funding for school districts to administer school safety and security programs and initiatives. Table 1 provides a breakdown of district expenditures of the Safe Schools Appropriation for the 2018-19 fiscal year.

District	School Resource Officers	After-School Programs for Middle School Students	Middle and High School Programs for Correction of Specific Discipline Problems	Behavior Driven Intervention Programs	Alternative School Programs for Adjudicated Youth	Suicide Prevention	Bullying Prevention and Intervention	Detection Dogs	Other Improvements	Total Safe Schools Appropriation Expenditures

**TABLE 2 – SCHOOL RESOURCE AND LAW ENFORCEMENT OFFICERS**

Table 2 provides the number of school resource officers (SROs) and law enforcement officers (LEOs) serving at each school level, as well as the number of schools that the SROs served. Some SROs served more than one school. Districts were advised to count the officer only once if the SRO served more than one school and provide the total number of schools served. Table 2 accounts for SROs reported by the district, and may or may not include SROs funded by revenue sources other than the Safe Schools Appropriation.

District	SROs Serving Elementary Schools	Elementary Schools Served by SROs	SROs Serving Middle Schools	Middle Schools Served by SROs	SROs Serving High Schools	High Schools Served by SROs	SROs Serving Alternative Schools	Alternative Schools Served by SROs	SROs Serving Combination Schools	Combination Schools Served by SROs	Total SROs	Total Schools

<sup>1</sup>Jefferson County School District has one elementary school, one middle school and one high school, each of which is located on the same campus. The school resource officers serve each of the schools at the same time. The amounts reported by Jefferson in the Alternative Schools columns are for an alternative program that is located at a separate facility. Safe schools funds were used to provide law enforcement at the location for this program.

**TABLE 3 – FUNDING SOURCES FOR SCHOOL RESOURCE AND LAW ENFORCEMENT OFFICERS**

Table 3 breaks down the revenue sources that provide funding for SROs and LEOs. Most school districts collaborate with law enforcement agencies to provide SROs, LEOs and other security personnel for the school district. Based on data received from the survey, the Safe Schools Appropriation was the largest funding source for salaries of SROs and LEOs. The second largest funding source was the county sheriff departments. During the 2018-19 school year, 32 districts spent over \$1 million of the Safe Schools Appropriation for SROs and LEOs.

District	Percentage Funded by Safe Schools Funds	Percentage Funded by City Police Department	Percentage Funded by County Sheriff's Office	Percentage Funded by Federal Grants	Percentage Funded by General School District Funds	Percentage Funded by Other	Total

## APPENDIX A

### 2018-19 Safe Schools Appropriation Proviso Language

Section 2 of Chapter 2018-9, L.O.F., reads,

“From the funds in Specific Appropriations 6 and 92, \$64,456,019 is provided for Safe Schools activities and shall be allocated as follows: \$62,660 shall be distributed to each district, and the remaining balance shall be allocated pursuant to section 1011.62 (15), Florida Statutes.”

Section 42 of Chapter 2018-3, L.O.F., reads,

“For the 2018-2019 fiscal year, the sum of \$97,500,000 in recurring funds is appropriated from the General Revenue Fund to the Department of Education in the Aid to Local Governments Grants and Aids – Florida Education Finance Program category for the safe schools allocation. These funds are in addition to the safe schools allocation funds appropriated in the Florida Education Finance Program in the Fiscal Year 2018-2019 General Appropriations Act. From these funds, \$187,340 shall be distributed to each school district and developmental research school to increase each school [district’s] minimum amount to \$250,000 when combined with the minimum amount appropriated in the 2018-2019 General Appropriations Act. Notwithstanding s. 1011.62 (15), Florida Statutes, the balance of the funds appropriated in this section shall be distributed to school districts based on each district’s proportionate share of the state’s total unweighted full-time equivalent student enrollment. Each school district must use these funds exclusively for hiring or contracting for school resource officers pursuant to s. 1006.12, Florida Statutes.”

## APPENDIX B

### 2018-19 FEFP Final Calculation Safe Schools Allocation
