EXECUTIVE SUMMARY

This action item is to determine if the four conditions outlined in rule are met by the district to grant an extension for an additional year of district-managed turnaround to be implemented in the 2019-20 school year.

District	School
Broward	Larkdale Elementary School

Pursuant to Section 1008.33(4)(a)(b), Florida Statutes (F.S),

(4)(a) The state board may allow a school an additional year of implementation before the school must implement a turnaround option required under paragraph (b) if it determines that the school is likely to improve to a grade of "C" or higher after the first full school year of implementation.

Pursuant to Rule 6A-1.099811(15),

(15) Extension of a turnaround plan.

(a) A district may request additional time to implement its turnaround plan if the following conditions are met:

1. The request is received by the Department on or before November 1 of the year before the extension would be implemented on the form entitled TOP-1, 3-Options;

2. The request demonstrates that the school has a positive trajectory using the school grade components listed in section 1008.34(3)(b), F.S.;

3. The request demonstrates that the DA school has no Unsatisfactory rated instructional personnel and the percentage of Needs Improvement instructional personnel must be at or below the district VAM average where the district has more than five (5) schools, or the state VAM average where the district has five (5) or fewer schools; and

4. During the remainder of the implementation of the turnaround plan, the district agrees to staff the school without any Unsatisfactory rated instructional personnel and maintain or improve the school's percentage of Needs Improvement rated instructional personnel from the percentage reported.

(b) The State Board of Education is authorized to approve, conditionally approve or deny the request.

(c) The State Board of Education shall approve a district's request for additional time to implement its turnaround plan when a school district:

1. Meets the requirements set forth in paragraph (15)(a) of this rule; and

2. The State Board determines that the school district has demonstrated that it is more likely than not that the school will improve to a grade of at least a "C" during an extended period of implementation of the turnaround plan.
