

## STAFF ADDITIONAL COMPENSATION - REJECT RULES

1. **District Number must be numeric in the range 01-68 or 71-75 and must be correct for the district submitting the data. -record rejected-**

### EXAMPLE

The first two records listed below would be loaded to the database assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number is not in the appropriate range.

District Number	Social Security Number
03	123456789
03	123456782
* 00	123456781

### DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the database, the district must correct the District Number and resubmit the record for processing.

2. **Social Security Number (SSN) must be numeric and greater than zero, excluding the value 999999999, unless it is a Staff Number Identifier and the first two positions are "CS" and the last seven positions are numeric. Nine-character SSN's should be left-justified, with a trailing blank. -record rejected-**

### EXAMPLE

Social Security Numbers of 0000000000 and (blank)504767954 would cause each record to be rejected. The first number is incorrect because it is not greater than zero. The second is incorrect because it is right-justified rather than left-justified.

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Social Security Numbers by making them numeric, greater than zero and left-justified. Resubmit the records for processing.

## STAFF ADDITIONAL COMPENSATION - REJECT RULES

- 3. Survey Period Code must be correct for the submission specified by the district and must be 2 or 3. -record rejected-**

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Survey Period Code either on the JCL or the records being submitted and resubmit the records for processing.

- 4. Fiscal Year must be correct for the submission specified by the district. - record rejected-**

### EXAMPLE

Similar to the edit for Survey Period Code, both the Fiscal Year on the JCL and the records being submitted for processing must match.

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Fiscal Year either on the JCL or the records being submitted and resubmit the records for processing.

## **STAFF ADDITIONAL COMPENSATION - REJECT RULES**

**7. The Transaction Code must be A, C, or D. For the original transmission, only A is valid. For subsequent batch/update submissions, if A is specified then the record must not already exist on the database; if C or D is specified, then the record must exist on the database. -record rejected-**

### **EXAMPLE**

For all original transmissions, the Transaction Code must be "A." An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D." To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A." If the district wishes to update some item in this record, the record should be submitted with a Transaction Code of C rather than A.
