EXECUTIVE SUMMARY

New Rule 6A-6.0576, F.A.C., combines current language from Rules 6A-6.0573 and 6A-6.0574 and therefore these rules are proposed for repeal. New Rule, 6A-6.0576 CAPE Industry Certification Funding List also sufficiently addresses the changes included in House Bill 1507 (2021) to section 1008.44, Florida Statutes as they relate to the Career and Professional Education (CAPE) Act. These changes require the adoption of a single industry certification funding list for use in implementation sections 1011.62(1)(o), 1011.80, and 1011.81, F.S.
