EXECUTIVE SUMMARY

The purpose of this rule amendment is to incorporate the revisions for the School Improvement State System of Support for deficient and failing schools. The revisions expand and clarify school improvement support strategies, documentation requirements and timelines to be implemented by each tier of support and clarify requirements of charter schools and External Operator/ outside entity to align with current practice. Lastly, this rule amendment adds the language that the State Board may require the school district to modify or cancel the contract of a charter or External Operator/outside entity per Senate Bill 2524 (2022).
