 AUTOMATED STUDENT DATA ELEMENTS

Year: 2023-24

Data Element Number: **123193**

Data Element Name: **Fund Source: ESSA Title III**

A one-character code to identify whether a teacher's position or the program a teacher is teaching in is funded under Title III of the Every Student Succeed Act (ESSA).

Code	Definition/Example
N	No Title III funds are used to pay this teacher or fund the program in which the teacher is teaching.
Y	The teacher or program receives Title III funds.
Z	Not applicable. Report code Z for survey periods 1 and 4.

Note: Title III is a 100% federally funded supplemental program that concentrates on delivering language instruction educational programs to students who have a primary language other than English. This program is designed to improve the education of English Language Learners (ELL) children and youths by helping them learn English and meet challenging state academic content and student academic achievement standards. The program also provides enhanced instructional opportunities for immigrant children and youths.

If Title III funds are used in any way to provide supplemental assistance to the teacher or program use code Y.

For example:

- A teacher is NOT funded with Title III funds but textbooks specific to the ELL students and used in this class were purchased using Title III funds; thus a Y code is used. In other words, the program is being supplemented with Title III funds to enhance the instructional opportunities for ELL students.
- A teacher teaching ELL students, not paid by Title III and having no supplemental services or materials in the class that were purchased using Title III funds. Use code N.

AUTOMATED STUDENT DATA ELEMENTS

Year: 2023-24

Data Element Number: **125625**

Data Element Name: **Grade Point Average State, Cumulative**

The numeric value (with an implied decimal point) of the student's cumulative grade point average calculated on an unweighted 4.0 scale, if different from the Grade Point Average District, Cumulative.

The Grade Point Average State, Cumulative is used to determine if the student has met the state high school graduation requirements of a minimum of 24 credits and a 2.0 GPA based on a 4.0 scale. See Section 1003.4282, F.S., for general requirements for high school graduation.

This grade point average is calculated as specified in Section 1003.437, F.S., by assigning quality points of "A" = 4, "B" = 3, "C" = 2, "D" = 1, "F" = 0, and "Incomplete" = 0 to the letter grades displayed on the automated permanent record ("+" and "-" signs are ignored). Grades of NG (No Grade Assigned), WP (Withdrew Passing), and WF (Withdrew Failing) are not applicable for inclusion in the Grade Point Average State, Cumulative.

If the district's Cumulative Grade Point Average for the student is based on a different scale than the 4.0 scale noted above, the district must calculate a Grade Point Average State, Cumulative.

The Grade Point Average District, Cumulative and the Grade Point Average State, Cumulative, if different from the district's average, will be displayed on the automated permanent record and the transcript. This State Grade Point Average will be used for all state-defined functions. See Section 1003.437, F.S., for the statewide grading scale.

Code	Definition/Example
-------------	---------------------------

NNNNN	Examples: 36250 Grade Point Average = 3.6250 00000 Grade Point Average = 0.0000 99999 Not applicable
-------	--

Examples of Not Applicable:

A student withdrew from all courses before a grade was assigned (NG).

A student withdrew from all district courses before grades were calculated (WP or WF).

A student enrolls only in non-credit courses and is not assigned grades (NG).

Notes:

GPA State, Cumulative must be reported for all students in grades 9-12 and should be reported for any students in grades 6-8 where it is applicable.

A GPA State, Cumulative of 99999 indicates that a student received no grades in the courses completed.

Grades of Incomplete should be included as zeros in the calculation of GPA State, Cumulative.

 AUTOMATED STUDENT INFORMATION SYSTEM
 AUTOMATED STUDENT DATA ELEMENTS

Year: 2023-24

Data Element Number: **126425**

Data Element Name: **Grade Promotion Status**

Grade promotion status is defined as the change in grade assignment at the end of a regular school year or summer session. For example, if a PK-12 student meets all criteria for advancement to the next highest grade in his or her current school at the end of the regular 180 day school year or the summer session, that student is considered to have been promoted. Conversely, any PK-12 student who has not met all criteria for advancement to the next highest grade should be considered as retained. Codes and definitions follow:

Code	Definition/Example
A	Promoted to a higher grade without meeting levels of performance for pupil progression based on meeting criteria for a good cause exemption or because of a prior retention in third grade.
D	Student with disabilities opted to remain in school, or a non-disabled student opted to remain in school for one additional year. *
N	Not enrolled in a KG-12 program in the district at the end of the school year. **
P	Academically promoted to a higher grade, graduated, completed, or reported with withdrawal code WPO.
R	Retained in same grade at the end of the school year.
Z	Promotion status not applicable. Use this code for PK unless the PK student is promoted to kindergarten; for students in continuous progress schools who have not been promoted; for students enrolled part-time in District 71, and for students in grades 30 and 31.

COMMENT:

Definitions are abbreviated on the permanent record. See Automated Student Permanent Record document.

* Use for additional years beyond graduation and completion year. The Individuals with Disabilities Education Act (IDEA) requires that districts must provide a free and appropriate education (FAPE) to all students who have not reached age 22 and who have not earned a regular high school diploma (34 CFR 300.101), or students who deferred receipt of the standard diploma per s. 1003.4282(10)(c), F.S. This requirement applies even if the student has received a special diploma, a certificate of completion, or a special certificate of completion. Additionally, districts may choose to continue to offer FAPE through the school year in which student turns 22. Section 1003.4282(6)(c), F.S. allows students who are entitled to a certificate of completion to remain in high school either as a full-time student or a part-time student for up to one additional year and receive special instruction to remedy his or her identified deficiencies.

** Any student withdrawing prior to the end of the school year and receiving a diploma, certificate, or WPO withdrawal code should be coded P rather than N.

A code indicating whether or not the incident was gang related.

Code	Definition/Example
N	No
Y	Yes
Z	Use this code for (HSN) HOPE Scholarship Notification, (UBL) Unsubstantiated Bullying,(UHR) Unsubstantiated Harassment, (USA) Unsubstantiated Sexual Assault and (USB) Unsubstantiated Sexual Battery.

NOTE: Incident is gang related if gang affiliation/association caused the incident or was a contributing factor to action that happened during the incident. For example, an incident of vandalism or robbery might be a part of an initiation into a gang or a fight might be caused by group rivalry. Report an incident as gang related only if you are sure that gang affiliation/association contributed to that incident. Factors to be considered when determining whether the incident is gang related include, but are not limited to the following: A gang is a somewhat organized group of some duration, sometimes characterized by turf concerns, symbols, special dress or colors. The group is recognized as a gang by its members and others. One or more of those involved in the incident admits to gang affiliation/association or admits that gang affiliation/association was a contributing factor to the incident. One or more of those involved was identified by his/her parents as a gang member/associate. One or more involved were wearing clothing, tattoos, or a style of dress "known" to be associated with gang(s). Students/witnesses to the incident alleged that the incident or one or more of those involved in the incident was gang related or affiliated/associated with a gang. The determination of whether or not the incident was gang related should be based on a reasonable interpretation of the totality of the circumstances.

Y	Yes
Z	Use this code for (HSN) HOPE Scholarship Notification, (UBL) Unsubstantiated Bullying, (UHR) Unsubstantiated Harassment, (USA) Unsubstantiated Sexual Assault and (USB) Unsubstantiated Sexual Battery.

Examples: Student spray paints anti-gay slogans on bathroom walls, sends racial slurs to someone in a note or through electronic mail, or uses derogatory language involving someone's religious beliefs in a fight with someone.

Note: An act, or attempted act, to cause physical injury, emotional suffering or property damage through intimidation, harassment, racial/ethnic slurs and bigoted epithets, vandalism, force or the threat of force, motivated all or in part by hostility to the victim's real or perceived race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference or mental/physical¹ disability. Creates an intimidating, hostile or offensive educational environment. The motivation (intent) behind the act is the key element in determining whether an incident is hate-related².

¹Mental or Physical Disability means that the victim suffers from a condition of physical or mental incapacitation due to a developmental disability, organic brain damage, or mental illness, and has one or more physical or mental limitations that restrict the victim's ability to perform the normal activities of daily living (Chapter 775.085, F.S.).

FLORIDA DEPARTMENT OF EDUCATION
DOE INFORMATION DATABASE REQUIREMENTS VOLUME I:
AUTOMATED STUDENT INFORMATION SYSTEM
AUTOMATED STUDENT DATA ELEMENTS

Year: 2023-24

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

The identifier assigned by the Florida Department of Education to specify the CAPE Digital Tool Certificate, CAPE Industry Certification, CAPE Acceleration Industry Certification, CAPE Innovation Course, or technical skill attainment examination that the student has taken/attempted.

See Appendix Z for a list of the Industry Certification Identifiers.

The following procedures apply for CAPE Digital Tool Certificates, CAPE Industry Certifications, CAPE Acceleration Industry Certifications, and technical skill attainment examinations:

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, MICRO069 - This Microsoft bundle requires that a student pass three of six exams. Students must have taken at least three exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, NRAEF002 - This certification requires the student pass Year 1 and Year 2 exams and complete 400 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of "P" on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, ADOBE012 - This certification often has software updates and new versions of the software and subsequent exams are released. If a student earned the ADOBE012 certification in 2011-12, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). The outcome reported should be the final outcome for the reporting year.

For example, ADOBE012 – If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once. If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted.

The following procedures apply for CAPE Innovation Course reporting:

All students enrolled in CAPE Innovation Courses should have a value reported on this format. One identifier is used for all CAPE Innovation Courses for purposes of reporting performances in the course – CAPEI001. For example, outcomes for AP Microeconomics Innovation (Course Number: 2102365) are reported for all students enrolled in this course on the Industry Certification format with an identifier of CAPEI001.

 AUTOMATED STUDENT DATA ELEMENTS

Year: 2023-24

Data Element Number: **144025**

Data Element Name: **English Language Learners, PK-12**

Using the definitions and the codes given below, indicate the status of the student who has been identified as an English Language Learner (ELL) student. An ELL is one who:

Was not born in the U.S. and whose native language is other than English; or

Was born in the U.S. but who comes from a home in which a language other than English is most relied upon for communication; or

Is an American Indian or Alaskan Native and comes from a home in which a language other than English has had a significant impact on his or her level of English language proficiency; and

Who as a result of the above has sufficient difficulty speaking, reading, writing or understanding the English language to deny him or her the opportunity to learn successfully in classrooms in which the language of instruction is English.

The expected progression based on the codes below would be: (1) code LY (or LP if pending) for initial placement in the ESOL program; (2) code LF for years 1-2 of follow-up period upon exit from the ESOL program; (3) code LA for years 3-4 for federal reporting purposes; and finally code LZ after a student has completed two years as LA

Code	Definition/Example
LA	The student has completed the two-year follow-up period after exiting the ESOL program (code LF) and is reported in this category for the next two years (years 3-4 after exiting) for the purpose of student subgroup reporting per the state ESSA plan.
LF	The student is being followed up for a two-year period after having exited from the ESOL program. The student is in years 1-2 of the follow-up period.
LP	The student is in the 3rd-12th grade, tested fully English proficient on an Aural/Oral Test and is Limited English Proficient pending the Reading and Writing assessment or the student is in K-12th grade, answered "yes" on the Home Language Survey question "Is a language other than English spoken in the Home?" and is pending aural/oral assessment.
LY	The student is classified as limited English proficient and is enrolled in a program or receiving services that are specifically designed to meet the instructional needs of ELL students, regardless of instructional model/approach.
LZ	The student is one who has been exited from the ESOL program for more than four years.
