The Principal selected to lead Evergreen Elementary School’s success is Mrs. Ashley Kemp. Mrs. Kemp has been an administrator for over 4 years, beginning in March 2015. She served as an assistant principal at two elementary schools before leading Bellevue Santos Elementary from an F to a C last school year. She has experience working successfully with schools with a high percentage of minority students, as well as several Title One Schools. Since beginning at Evergreen on July 31, 2019, she has had the dual herculean efforts of ensuring there are no staff vacancies and that those at Evergreen are either Effective or Highly Effective.

She is an enthusiastic, high-energy leader. This passion comes through when Mrs. Kemp speaks to the effective teachers that students at Evergreen deserve. One example is a power-team of 3 fourth-grade teachers (affectionately known as the “Dream Team”) who moved from Legacy Elementary to Evergreen because of the passion Mrs. Kemp portrayed for improving the educational outcomes for the students of Evergreen.
