A. Market Demand Findings

The results of this analysis are presented in the table below. Programs that received a “yes” on any one of the four market demand measures are considered to have demonstrated market demand. For these programs, no further action is required in this section; please proceed to Section II. Program Resources.

Demand Indicators	Prior Year 2 (2017-18)	Prior Year 1 (2018-19)	Reporting Year (2019-20)	Demand Assessment
1. Statewide DOL	No	No	No	Yes - Market demand demonstrated. No action.
2. Regional DOL	Yes	Yes	Yes	
3. Growth	N/A	N/A	Yes	
4. Middle-to-High Wages	Yes	Yes	Yes	

B. Institutional Documentation of Market Demand

Programs that did not meet any of the workforce indicators – i.e., received four “no's” on Demand Indicators 1-4 – did not demonstrate market demand using statewide indicators; these programs require further review of local market demand. In the space below, please describe the evidence of market demand for this program. You may also attach supporting documentation such as letters of support (from industry, employers, community organizations, etc.), employer survey results, labor market demand data, etc.

Enter response here

All FCS baccalaureates demonstrated market demand. **No institutional documentation for market demand is needed from any college.**

C. Supplemental – Update Standard Occupational Classification Code

In order to complete the market demand analysis, DFC first matched the baccalaureate program to the primary SOC identified by the college. In some instances, DEO did not report data on the SOC within the college region. In those instances, DFC identified an alternative SOC from the CIP to SOC crosswalk to complete the analysis.

For reference, this is the SOC code used for 2021 report, on which the market demand findings in this section are based.	113021
If the college wishes to update its primary SOC for the 2022 report, please list the new SOC. Leave blank if there are no requested changes to the primary SOC.	Enter response here

There is flexibility in how colleges can arrive at the figures provided in the faculty table.

As it relates to the terminal degree rows, below is an example of the methodology colleges could use.

Denominator: Number of upper-division course sections taught by FT Faculty in given year

Numerator: Number of upper-division course sections taught by FT Faculty who had terminal degree

Figure reported in table II. B: Percent of sections taught by FT Faculty who had terminal degree (Course sections taught by FT Faculty who had terminal degree/All upper-division course sections taught by FT Faculty)

Alternative methodologies are acceptable as long as they are detailed in the narrative.

Section III. PROGRAM QUALITY INDICATORS

A. Student Outcomes

FAQ's

What is the next step after I upload all my college submissions?

- Division staff will review the uploaded materials and provide feedback in writing on each program based on the review of the accountability report.
- For programs with areas of improvement on market demand, program resources, or student success indicators, the Division will outline findings and recommendations designed to improve performance.
- Colleges will be notified once this review is complete and findings are available for download.

What are reviewers looking for in college submissions?

In short: improvement or excellence.

- Has the program's performance changed over time or remained consistent? Are data "trending" in the right direction?
- How does the program perform compared to statewide averages? (More detail on next slide.)
- If the performance has declined over time, does the narrative adequately explain the decrease?
- Did the college provide any additional evidence to speak to the success of the program?
 - Results from institutional program reviews.
 - Data measuring performance, with clear descriptions of methodology.
 - Other evidence.

Note: This information has been uploaded to the General Teams site under "Files."

Supportive documentation/evidence

- Survey responses from program graduates or employers in the college's service area
- Letter of support from a business in the college's service area
- Institutional program review that provides clear findings and modifications to increase retention/graduation rates and/or employment rates

Unsupportive documentation/evidence

- Meeting minutes that do not provide substantive information about the program's quality indicators, plans to increase these rates or modifying program to enhance opportunities for students' educational and/or professional growth
- Documents that just state the learning outcomes for program courses
- Charts on retention/graduation rates without any accompanying information

My baccalaureate program is new. What information am I expected to provide?

- For new programs, the Division will be looking to ensure market demand is met. New programs are not expected to have historical trend data.
- For new programs, colleges are only expected to submit form 4 to indicate the primary contact for the program (under "Institutional Information") so we have a contact for our records.
- If you wish to change the primary SOC code, you will complete section I. part C, as well.
- It is acceptable to leave the remaining sections blank, as we know the program start date.

FAQ's Regarding Submissions

Am I able to edit my attachments once they are uploaded?

- Yes. Colleges can make any changes to submissions up until the deadline of May 14, 2021, at 11:59 p.m. EST. After that time, the “Upload Submission” folder will be locked for college editing.

Do I have to upload all submissions at once?

- No. Colleges may upload forms on a rolling basis and they can make any changes to submissions up until the deadline.

Do I have to save working documents in Teams?

- No. The Division anticipates that most users will download the forms and work on drafts outside the FLDOE Teams environment (e.g., through college shared drives). If colleges wish to use the FLDOE Teams environment for working drafts, we recommend adding a folder to that effect. The “Upload Submissions” folder is for completed final submissions.
