

EQUIPMENT LIST

Emergency Medical Technician (postsecondary)

Students in this program should have access to the following equipment:

Equipment Required by DOT

- 2 adult intubation model
- 1 anatomical torso (counter-top)
- 2 back boards, short wooden
- 2 back boards, tapered long with runners
- 2 bag-valve assembly (adult) various types
- 10 blankets
- 1 set cervical collars, soft (various sizes)
- 2 expiratory positive-end pressure device
- 1 forceps, adult magill
- 1 forceps, pediatric magill
- 2 laryngoscope blades:
 - blades #0
 - MacIntosh #1,2,3,4
 - Miller #2,3,4
 - Wisconsin #1,2,3
- 1 laryngoscope blades (Miller #1)
- 2 laryngoscope handle medium
- 1 laryngoscope handles (ped)
- 2 MAST suits (velcro, 3 section)
- 2 oxygen tank with reduction valve
- 1 pediatric intubation models
- 4 Resusci-Anne/electronics
- 1 scoop (orthopedic) stretcher
- 5 sphygmomanometers
- 1 set splints, air:
 - 1 half leg, 2 ankle,
 - 4 full leg, 1 short arm,
 - 1 long arm
- 2 splints, hare traction
- 1 set splint, long padded board
- 1 set splint, medium padded board
- 1 set splint, short padded board
- 5 straps (stiff) 9-foot
- 20 stethoscopes
- 2 suction tips, plastic
- 2 suction units battery-operated & portable
- 1 thumper/board/carrier/cylinders (mechanical CPR device)

Supplies Required by DOT

- 4 endotracheal tubes:
 - #3.5 with cuff,
 - #4.0, #5.0, #7.5,
 - #8.0, #8.5, #9.0

- 2 esophageal obturator airways (complete)
- 10 mask, pocket
- 10 masks, venturi
- 20 nasal cannula,
- 20 nasogastric tubes 18 gauge
- 2 OB kit, disposable
- 1 box oval eye pads
- 10 oxygen face mask
- 20 penlights
- 2 suction catheters-whistle tips (French)
- 1 vacutainer housing

Additional Recommended Equipment

- bag-valve assembly (pediatric)
- air chisel kit
- anatomical **charts**:
 - chest/abdomen viscera,
 - circulation,
 - head, mouth, throat,
 - heart,
 - human ear,
 - human eye,
 - skin,
- anatomical **models**:
 - brainstem,
 - bypass heart
 - female reproductive organs,
 - fetal circulatory model,
 - heart model,
 - head section model,
 - larynx model,
 - nasogastric intubation model,
 - skeleton with organs/complete human skeleton
 - thorax (cut-away)
- anatomical **specimens**:
 - human brain,
 - human heart, normal/diseased artery,
 - human spinal cord,
 - human tongue/larynx,
- anatomical **system charts**:
 - digestive,
 - endocrine,
 - genitourinary,
 - lymphatic,
 - muscular,
 - nervous,
 - skeletal,

- urinary system
- back boards, square long with runners
- blanket, asbestos
- bolt cutters
- bunker coats, yellow duck
- B-splint kit
- casualty simulation kit
- cervical collar with KED
- Cervical Immobilization Device I (CID)
- CID II
- CID II-Q
- clipboards
- collar, Philadelphia (large)
- collar, Philadelphia (medium)
- CPR boards
- crash axe
- cricothyrotomy kit
- cricothyrotomy simulator
- crowbar, short
- cylinder wrench, large
- cylinder wrench, small
- demand valve hose 6-foot
- driving cones (small/medium/large)
- elastic wraps
- EMT helmets with shield
- extrication kit, porta-power (red box)
- extrication tool, hurst
- extrication tool kit
- extrication vest
- fetoscope
- flexcot
- flexcots with velcro closure
- gloves, large leather
- gloves, small leather
- hooligan tool
- humidifier
- K-bar-T recue tool
- laryngoscope blades:
 - MacIntosh #1,2,3,4
 - Wisconsin #1,2,3
 - Miller #2,3,4
 - Blades #0
- laryngoscope handle (large)
- litter, D-ring
- malleable, copper
- malleable, silver (plastic coated)
- manikins** & equipment:
 - mask form punch,
 - obstetrical
 - manikin/baby/placenta

plastic mask forms,
recording Anne,
recording Anne airway tubes
(repl)
recording Anne lungs,
recording Anne paper holder,
recording paper,
Resusci-Anne airway tubes
(repl)
Resusci-Anne/electronics,
Resusci-Anne/inflatable,
Resusci-Anne lungs
Resusci Baby
Resusci Baby/Electronics,
Resusci Baby lung/stomach,
signal box with recorder,
signal box without recorder,
sterilizing solution,
sterilization kits,
MAST suit, pediatric
MAST suit (single zipper section)
modular ambulances
nasopharyngeal airways set
nebulizers
nylon rope, assorted lengths
otoscope/ophthalmoscope set
oxygen cylinders, "E", "K"
oxygen flowmeters
oxygen regulator for demand valve
pick-head fire ax
polamedco slick with surelock top
practoplast kit
pry bar, short
quik-bar
radios, two-way (9-volt battery)
restraints, velcro set
ring cutter
sandbags: 1, 3, 5, 7, 10 lbs
scott air pak
splint, body
splint, folding (EMT) traction
splint, half-ring with heel
splint, half-ring without heel
splint, trac-3
splint, traction
splint kit, roll-up air
splints, frac-pak
splints, short-arm (wooden)
splints, vacuum set
splints, wire ladder
sphygmomanometer (large adult)
sphygmomanometer (pediatric set)
sphygmomanometer (wall mount)
stairchair
stethoscopes, teaching
Stokes basket
stopclocks (wall mount)
stopwatches
strap, 5-foot (stiff)
stretcher bar

stylettes
suction, foot
suction jar
suction tips, stainless steel
suction unit, compact
tachometer (wall mount)
thermometers, IVAC electronic
tourniquets, electronic rotating
traffic triage system
trauma simulator moulage kit
windless rods
window punch
zipper cases

Additional Recommended Supplies

ankle hitches, replacements
batteries: A, AA, C, D
bitesticks
BP cuff bladders
BP cuff bulbs with valves
BP cuff gauges
bulb syringes
cath tip syringes
cath-n-glove kits
EDA replacement masks
EDA replacement tubes
EGTA (complete)
EGTA replacement masks
EGTA replacement tubes
endostats
ET tube holders/tamers
5-in-1 connectors
laryngoscope bulbs, large
laryngoscope bulbs, small
mask, nasal
mask, pocket with oxygen port
masks, partial rebreathing
masks, trach
oxygen connecting tubing
oxygen mask, non-rebreathing
oxygen mask, pediatric
oxygen refills
recording Anne airway tubes (repl)
recording Anne lungs
recording paper
replacement airway (adult intubation
model)
replacement airway (infant
intubation model)
Resusci-Anne airway tubes (repl)
Resusci-Anne lungs
Resusci Baby lung/stomach
right-angle adapters (bag-valve
assembly)
silicone spray
sterilization kits
sterilizing solution
suction connecting tubing
surgical tubing (1/8" ID) roll latex,

stethoscopes diaphragms
syringes, bulb
thumper connection adapters
tongue blades
triage tags
umbilical cords, disposable
