

# Equipment List

## Medical Laboratory Assisting (secondary)

The equipment below is common to the Medical Laboratory Assisting program. Student access to this equipment better ensures successful completion of the program and employment opportunities.

<ol style="list-style-type: none"><li>1. balances, electronic</li><li>2. beakers, 30, 1000, &amp; 2000 mL</li><li>3. Bench top biohazard safety shield</li><li>4. blanket, fire (F)</li><li>5. cabinet, flammable</li><li>6. capillary reader, micro</li><li>7. card readers, microhematocrit</li><li>8. centrifuge, regular (balance)</li><li>9. centrifuges, microhematocrit</li><li>10. centrifuges, table top clinical</li><li>11. CLIA waived instruments for Hematology:<ol style="list-style-type: none"><li>a. Cbc instrument/analyzer</li><li>b. Hemoglobin determination</li></ol></li><li>12. CLIA waived instruments for Clinical Chemistry:<ol style="list-style-type: none"><li>a. Chemistry analyzer</li><li>b. Hemoglobin A<sub>1</sub>C analyzer</li></ol></li><li>13. computer work station</li><li>14. computer software</li><li>15. computer table</li><li>16. cylinders, 10 mL pyrex graduated</li><li>17. cylinders, 100 mL pyrex graduated</li><li>18. Digital balances</li><li>19. eyewash station</li><li>20. fire blanket</li><li>21. fire extinguisher, ABC</li><li>22. finger sticks</li><li>23. flasks, 100 mL volumetric</li><li>24. flasks, 250 mL volumetric</li><li>25. flasks, 250 mL erlenmyer</li><li>26. flasks, 500 mL erlenmyer</li><li>27. glassware, assorted</li><li>28. hemacytometers</li><li>29. hemocrit tubes</li><li>30. hood</li><li>31. incubator with additional shelves</li><li>32. inoculation loops</li></ol>	<ol style="list-style-type: none"><li>33. lance, mirco</li><li>34. compound microscopes, binocular with dual heads</li><li>35. mixer test tube rocker mixer</li><li>36. model, anatomy torso</li><li>37. needles- safety 21 &amp; 22 gauge</li><li>38. phlebotomy chair</li><li>39. phlebotomy trays</li><li>40. pipet aids</li><li>41. pipetor, automatic (25-1000 ul)</li><li>42. pipets, 10 mL serological glass</li><li>43. pipets, 1 mL volumetric</li><li>44. pipets, 5 mL volumetric</li><li>45. pipetting system, mirco</li><li>46. rack, test tube</li><li>47. racks, drying</li><li>48. racks, staining tray</li><li>49. refractometer</li><li>50. refrigerator</li><li>51. simulator arms, adult phlebotomy</li><li>52. simulator arms, pediatric phlebotomy</li><li>53. slides, assorted</li><li>54. staining jars, copeland</li><li>55. storage cabinets, locking</li><li>56. syringes</li><li>57. test tubes, assorted</li><li>58. thermometers (-20-100 C)</li><li>59. timer</li><li>60. tray, blood collecting</li><li>61. trays, staining</li><li>62. Urinalysis analyzer</li></ol>
