Report students who have been homeless at any time during the school year.

Section 725 of the 2001 McKinney-Vento Homeless Education Assistance Improvement Act defines a homeless individual as one who lacks a fixed, regular and adequate nighttime residence. Guidelines from the U. S. Department of Education describe the following situations in which a child or youth is considered homeless:

Sharing the housing of other persons due to the loss of housing, economic hardship or a similar reason; doubled-up;

Living in motels, hotels, temporary trailer parks, or camping grounds due to lack of alternative adequate accommodations;

Living in emergency or transitional shelters;

Abandoned in hospitals;

Awaiting foster care placement;

Having a primary nighttime residence that is a public or private place not designed for, or ordinarily used as a regular sleeping accommodation for human beings;

Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

Migratory children may qualify as homeless for the purposes of this definition if the children are living in any of the circumstances described above.
