MEMORANDUM

TO: District School Superintendents

FROM: Linda Champion

DATE: September 10, 2018

SUBJECT: July 2018-19 Full-Time Equivalent (FTE) Student Survey Information

This document is intended to assist school districts in reporting FTE students, as required by section 1011.62(1)(a), Florida Statutes (F.S.).

The 2018-19 Florida Education Finance Program (FEFP) July FTE student survey was conducted during the week of July 9-13, 2018. The FTE student data from this survey will be used in the third calculation of the 2018-19 FEFP. Please see the attached list of cost factors and program numbers for the 2018-19 fiscal year, and the schedule of reporting deadlines for 2018-19 through 2021-22.

"Date Certain" for all schools in all school districts is Friday of survey week. "Date certain" is the specific time for setting student schedules on the local student course record and is used for reporting the FTE Reported, Course data element.

General Information

Please refer to the <u>2018-19 FTE General Instructions</u> for information regarding student eligibility and reporting criteria, and instructions for the Automated Student Information System. Significant changes for 2018-19 are identified on page v of the instructions.

The system cut-off date for reporting July survey data is Sunday, September 30, 2018. All database entry must be complete as of this date. It is important that validation reports be requested prior to this date, and all FTE student data in error be corrected before

submitting a certification letter to the Florida Department of Education (department). No changes to July survey data may be made after this date.

The attached form letter, which certifies July 2018 **reported** FTE student data, must be signed by the superintendent or designee and submitted to the Bureau of School Business Services no later than **Monday**, **October 8**, 2018. The unweighted reported FTE student totals provided in this letter must match the totals reported in the database as of the system cut-off date. **Once notified of the availability of certification reports, districts should use FTE Report 05.108 to verify FTE student data recorded in the database for the certification letter.** The information in this letter will be compared with the department's report to ensure that accurate information is used in the FTE student recalibration process. Please note that only reported FTE student data should be provided in the FTE student data certification letter. A certification letter must be submitted even if the district does not have any July survey data.

FTE Student Data to be Reported

The following programs may operate for more than the 180-day regular school year, or hourly equivalent, and may report the associated FTE for funding: programs in Florida Department of Juvenile Justice (DJJ) facilities; Juveniles Incompetent to Proceed programs; Florida Virtual School (FLVS) part-time instruction; and credit recovery in virtual instruction programs and virtual charter schools. Students attending DJJ facilities are funded for a 230- to 250-day school year. Other prekindergarten through grade 12 courses offered beyond the regular school year are funded through the Supplemental Academic Instruction and Reading Program allocations. Although funding for such courses does not depend on reported FTE student data, districts are still required to report summer non-funded FTE student data in the Automated Student Information System so associated statistical reports can be generated.

In addition to the FTE student data for programs that operate for more than 180 days or the hourly equivalent, the FTE student data for credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in section 1011.62(1)(c), F.S., should be reported in the June survey for the following programs: school district virtual instruction programs (section 1002.45, F.S.); school district virtual course offerings (section 1003.498, F.S.); virtual charter school programs (section 1002.33, F.S.); FLVS full-time programs (section 1002.37(8), F.S.); franchises of the FLVS (section 1002.37(4), F.S.); and FLVS courses delivered on a public school campus (section 1002.37(3)(d), F.S.). Students who successfully complete a virtual instruction course should be reported in the June survey. A virtual instruction course that is not successfully completed should be reported in the June survey with *FTE Reported, Course* equal to 0.0000.

Exceptional Student Education (ESE) Student Record

With the exception of students in the McKay Scholarship for Students with Disabilities Program, the FTE student records of students receiving ESE services (FEFP program numbers 111, 112,

District School Superintendents September 10, 2018 Page Three

113, 254 and 255) must have a matching ESE student record to generate funding under the FEFP.

Classroom Identification, Florida Inventory of School Houses (FISH) Number

To generate funding under the FEFP, each teacher course record for courses taught in a school district classroom in surveys 2 and 3 must contain a valid classroom identification FISH number that matches a number in the FISH file.

Reports 60.021 (Supplemental FTE Data File List) and 71.411 (Supplemental Bonus FTE) are available upon request. Report 60.021 provides data regarding the Florida Department of Children and Families programs; report 71.411 provides data regarding the Florida Advanced Placement, International Baccalaureate, Advanced International Certificate of Education and Early High School Graduation programs. School districts can use these reports to verify the FTE in these programs.

For additional information, consult the 2018-19 Student Information System Database Manual.

Please call Mark Eggers, School Business Services, at 850-245-0405, or Kendra Jahnke, PK-12 Education Information Services, at 850-245-0400 if assistance is needed.

Please scan and email the signed certification letter to <u>josh.bemis@fldoe.org</u>, or fax it to 850-245-9135.
