# Risk Assessment Process

## Calculation of the Risk Score:

Point Value Assigned X Weight = Total Metric Point

Sum of all Metric Points = Agency Risk Score

**IMPORTANT!** A high-risk assessment score should NEVER be interpreted as a negative reflection on the provider.

**(Example) Risk Matrix for Colleges and School Districts**

**Carl D. Perkins Grants**

**Agency Name: Sunshine State College**

**Target Year: 2019-2020 (Monitoring Year 2022-2023)**

# Records Review: Student Data

- The Bureau of PK-20 Education Reporting and Accessibility (PERA) randomly selects student names.
- Selected student name will be provided during the monitoring review.
- All documentation must be uploaded to the secure ShareFile **or** viewed on-site.

# Records Review: Student Data

## Adult Education

- AGE completers and non-completers
- Purpose to verify the accuracy of literacy completion points (LCPs) reported to FDOE.
- Once you receive your sample list of student data, the provider may use their ShareFile to upload official TABE and/or CASAS test records for each student on your list (NOT AN EXCEL SPREADSHEET).
- The monitoring staff will need to verify each student's pre and post-test scores to ensure the LCP's accuracy to the state.

# Records Review: Student Data

## Career and Technical Education

- *Post-secondary completers*: verify the accuracy of program completers reported to FDOE.
  - Use ShareFile to upload copies of each student's transcript.
  - The monitoring staff will need to verify that each student's transcript and course log match the program requirements to be recognized as a program completer.
- *Industry Certifications*: verify the accuracy of earned industry certifications reported to the FDOE.
  - Use ShareFile to upload copies of each student's actual industry certification.
  - Official records from Certiport® or other official testing agencies will suffice if copies of the actual certifications are not available. The monitoring staff will need to verify that each student earned the industry certification reported to the state.

# Tool: Grant Budget Analysis

## Understanding the Grant Budget Analysis:

- All expenditures must have prior approval.
- DCAE-administered programs do not allow a 10% variance.
- Funds can only be spent on approved programs (Perkins V Sect 134).
- If applicable, expenditure justification will be required.
