correct for the district submitting the data. -record rejected-

### **EXAMPLE**

The first two records listed below would be loaded to the database assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number is not in the appropriate range.

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Social Security Numbers by making them numeric, greater than zero and left-justified. Resubmit the records for processing.

4. Survey Period Code must be 5 and must be correct for the submission specified by the district. -record rejected-

### **EXAMPLE**

The Survey Period Code as specified in the transmission JCL is identified as Survey Period Code "5" and the records are coded as Survey Period code "3." All updates, adds, or deletes that have this inconsistency are rejected.

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Survey Period Code on the records being submitted and resubmit the records for processing.

### **EXAMPLE**

Similar to the edit for Survey Period Code, both the Fiscal Year on the JCL and the records being submitted for processing must match.

### DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Fiscal Year either on the JCL or the records being submitted and resubmit the records for processing.
