

Volume 23 2014

School Year 2012-2013

Florida School District Transportation Profiles

This publication provides transportation directors and other interested persons with a thumbnail sketch of each of Florida's school districts. The data reflect the complexity and variety of factors that result in differing costs for student transportation among districts. Great care should be taken when making comparisons among districts. Conclusions should be drawn with caution and only after careful scrutiny and analysis.

Please send questions and comments to:

2012-13 FEFP Final Calculation

Explanation of Methodology

Percentage Enrollment Transported

Derived by dividing the average number of eligible students reported as transported on the October 2012/February 2013 Automated FEFP Transportation Survey of the Fall 2012 Student Membership reported to the Education Information and Accountability Services Section, Florida Department of Education (FDOE).

• State Average: 37.74%

• Mega District Average: 32.23% (districts with 400 or more buses in daily service)

• Urban District Average: 46.69% (200-399 buses)

• Rural District Average: 46.76% (199 or fewer buses)

Operating Expenditures per Student (annual)

Derived from total transportation expenditures on the 2012-13 Annual Financial Report (AFR) (general and special revenue), including capital projects expenditures for bus purchases, less total expenditures for purchase of buses from all fund sources. This calculation is divided by the total adjusted number of students transported according to the final transportation calculation for 2012-13.

State Average: \$906.51

Operating Cost per Mile

Derived from total transportation expenditures on the 2012-13 AFR (general and special revenue), including capital projects expenditures for bus purchases, less total expenditures for purchase of buses from all fund sources. This calculation is divided by the total annual miles reported by school districts on the District Transportation Profiles Worksheet for 2012-13.

• State Average: \$3.55

Mega District Average: \$3.89 (districts with 400 or more buses in daily service)

• Urban District Average: \$3.30 (200-399 buses)

• Rural District Average: \$3.02 (199 or fewer buses)

Total Transportation Expenditures Including Bus Replacement

Derived from total transportation expenditures on the 2012-13 AFR (general and special revenue), including capital expenditures for bus purchases, less total expenditures for purchase of buses from all fund sources, plus a 10 percent bus replacement factor. The bus replacement factor is included to normalize, on an annual basis, the impact of timelines associated with ordering, manufacturing and delivering district school buses.

Statewide Total: \$1,054,536,787.12

Instructions for Completing District Transportation Profiles Worksheet for 2012-13

Note: All data are to be supplied for the 2012-13 school year.

Physical Demographics

- A. Please include number of buses used for all categories of Exceptional Student Education (ESE) program students, not just students with physical disabilities. (*Enter a whole number between 0 and 100.*)
- B. Include any facility where monthly inspections or maintenance are being performed. Please do not include any site that does not have a garage building. (*Enter a whole number between 1 and 50.*)
- C. Include garages, schools and other sites where buses are fueled. (*Enter a whole number between 0 and 100.*)
- D. Include any garage or other area where buses are stored overnight. Do not include drivers' homes. (*Enter a whole number between 0 and 50*.)
- E. Number of buses stored at locations in (D) above. (Enter a whole number between 0 and 100.)
- F. Include any school designated as a school serving more than one attendance zone or the entire district that students may attend based on full or controlled parental option. Also include schools serving as magnet schools. (*Enter a whole number between 0 and 300.*)
- G. Include any schools operating under charter school statutes. (Enter a whole number between 0 and 200.)
- H. Include all ESE sites where students are transported primarily from door to door and/or on special education buses (at regular school sites, special sites or both). **Do not include charter schools**. (*Enter a whole number between 0 and 200.*)
- I. Include all locations to which you transport either teen parents or the young children of teen parents. (*Enter a whole number between 0 and 100.*)
- J. Include any sites where Pre-K instructional programs are provided and to which Pre-K students are transported by bus. (*Enter a whole number between 0 and 500.*)
- K. Number of charter schools served by school bus(es). (Enter a whole number between 0 and 700.)
- L. Include all regular school sites and any special sites that are classified as "school centers" (i.e., sites that are served by school bus(es) that have a Florida Inventory of School Houses number). (Enter a whole number between 0 and 700.)

School Day Characteristics

- M. Does your district transport students home after half-day Kindergarten or Pre-K classes? (*Answer Yes or No.*)
- N. Number of schools that offer mandatory seventh period. (*Enter a whole number between 0 and 100.*)
- O. Number of schools that offer transportation for optional seventh period. (*Enter a whole number between 0 and 400.*)
- P. Other than Kindergarten or Pre-K schools, indicate the number of schools with scheduled early-release days. (*Enter a whole number between 0 and 500.*)
- Q. How many days during the school year are early-release days? (Enter a whole number between 0 and 300.)
- R. How many schools operate on year-round education schedules? (Enter a whole number between 0 and 200.)

Instructions for Completing District Transportation Profiles Worksheet for 2012-13 (Continued)

Note: All data are to be supplied for the 2012-13 school year.

- S. Does your district stagger school bell times to accommodate transportation efficiency and scheduling? (*Answer Yes or No.*)
- T. Does your district have court-ordered or district-imposed busing to provide for racial balance? (Enter CO for court-ordered, DI for district-imposed or None.)
- U. Number of bus stop locations. Count the bus stop locations where students load or unload either in the morning or afternoon. Enter the number of stops that is greater, whether it be in the morning or afternoon. Do not count any physical stop location more than once, even if the location serves more than one bus. (*Enter a whole number between 0 and 999,999.*)

Personnel (V-DD)

These questions are self-explanatory. Include the number of positions (as described in each category) assigned to transportation and positions with primary responsibility in transportation if paid from a separate fund source (e.g., ESE program funds). Item DD (Total Transportation Positions) is a calculated field based on items V through CC.

Mileage Data

- EE. Show total annual route miles for 2012-13. This includes all regular routes and any other daily school use, but does not include field and activity trips.
- FF. Show total annual field and activity trip miles for 2012-13, not including regular route miles.

For DOE Use: (EE) plus (FF) equals Total Annual Miles

This worksheet may be completed and returned by e-mail to Terri Egler at <u>Terri.Egler@fldoe.org</u>. Alternatively, you may print the worksheet and enter the data on the hard copy. The worksheet may then be faxed to the attention of Terri Egler at 850-245-9935, or you may return it by mail to:
