

Average Annualized Earnings by Education Level

2018-19 Graduates/Completers Not Continuing Education
with Florida Full-Time Employment - Fall 2019

Annualized earnings in this graph are an estimation based on Florida full-time employment during the 4th quarter of 2019. The data does not include individuals found continuing education. Full-time employment is determined when an individual's 4th quarter wages are equal to at least the hourly minimum wage of \$8.46, working 40 hours per week, for 13 weeks x 4 quarters, or \$17,596 annually.

The High Skill/High Wage threshold uses the same calculation but with an hourly minimum wage of \$23.07 or \$47,984 annually.
