MEMORANDUM:

TO: District Career and Technical Education Directors

FROM: Kevin O'Farrell, Ph.D.

DATE: August 19, 2022

SUBJECT: Industry Certification Offerings for 2022-23 Survey

The Division of Career and Adult Education is interested in identifying certifications that are currently only approved for postsecondary funding on the proposed 2022-23 Career and Professional Education (CAPE) Industry Certification Funding List for which districts are providing instruction in secondary career and technical education programs. This information will help the division determine if the certification will be eligible for secondary funding on the CAPE list in the future.

Please complete the [Microsoft Form](#) with postsecondary certifications that are being offered in secondary programs. Space is provided to enter information for up to 10 postsecondary industry certifications. Attached to the email is the 2022-23 CAPE Funding list. You can filter using columns C 2022-23 K-12 Florida Educational Finance Program Funding Eligible and D 2022-23 Postsecondary Funding Eligible to see which certifications are only eligible for postsecondary funding.

If you have any questions, please contact Kaitlin Vickers, CAPE Industry Certification Manager at industrycertification@fldoe.org or 850-245-9030.
