Program Updates

Kathleen Taylor

Bureau Chief

Division of Career and Adult Education

2021-2022 Curriculum Frameworks

- The “Draft” 2021-2022 curriculum frameworks and change document will be published in late February.
- Consult the draft change document to learn about:
 - Structural changes to frameworks listed by Career Cluster
 - List of “Daggered” programs and the projected deletion date
 - List of new or replacement programs available for school districts

Status of COVID-19 Waivers for Clock Hour Programs

- The flexibility afforded to school districts, technical colleges and Florida College System institutions around the kinds of assessments used to determine basic skills functioning levels, pursuant to section [1004.91](#) Florida Statute (F.S.) and [Rule 6A-10.040](#) Florida Administrative Code (F.A.C.), was effective **through the 2020 fall semester only**. This flexibility provided authorization for local programs to assess basic skills by any reasonable means and was not limited to the assessments listed in Rule 6A-10.040, F.A.C., or bound by the time limits set forth in order to exit a student who meets all other criteria for completion of a clock hour certificate program that is 450 hours or greater.
- This is an important reminder that the [aforementioned flexibility is no longer effective for the 2021 spring semester](#). Unless otherwise exempt, in accordance with section 1004.91 F.S., students must be evaluated utilizing an assessment identified in Rule 6A-10.040 F.A.C.

Additional guidance will be sent from Chancellor Mack's office. For questions or additional information, please contact Kathleen Taylor, Bureau Chief for Career and Adult Education, at Kathleen.taylor@fldoe.org.

EO-20-02 Continued Flexibility for CTE Curriculum Framework Requirements

- Rule 6A-6.0571, F.A.C., incorporates the state curriculum frameworks by reference. The state inventory of career and technical education program frameworks specify program length and instructional standards (student learning outcomes).
- Currently, subsection 2 of the rule allows the Commissioner of Education to approve a school's waiver request submitted by a district school board or the Florida College System institution's board of trustees to allow the school or institution to substitute locally approved intended outcomes for State Board approved outcomes provided the program is unregulated.
- Subsection 2 of this rule is waived to allow flexibility to locally waive certain instructional requirements in the frameworks such as required work/field experience for unregulated programs. (List of unregulated programs requiring field experiences is posted at <http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/program-resources.shtml>).

EO-20-02 Continued Flexibility for CTE Curriculum Framework Requirements

- This provision does not apply to regulated programs and the remaining provisions (standard program length, teacher certification requirements, basic skills requirements (if applicable)) of the rule remain in place.
- The following is an example of how the waiver may be used:
 - Medical Assisting program requires the completion of 40 field hours in a clinical setting. This waiver allows districts the authority to locally waive this requirement and substitute other locally-developed outcomes without Commissioner approval.
- *For questions or additional information please contact Kathleen Taylor at Kathleen.taylor@fldoe.org*
- **This waiver runs consecutively with the Governor’s Emergency Order 20-52 and is currently effective through February 27, 2021.**

Health Science Clinical/Hands-On Waivers

**Executive Order 20-52 has been extended until
February 27, 2021**

Regulated programs: full simulation is approved for all clinical/hands-on program requirements through the life of EO 20-52.

Non-regulated programs: full simulation is approved for all clinical/hands-on program requirements through the life of EO 20-52.

Certified Nursing Assistant Examination: waiver of hands-on/skills demonstration extended through March 31, 2021, per DOH No. 20-015

2020 Lower Division CIP Transition and Deployment

| Timeline | Activity |
|---------------------------------|--|
| Late 2019 | NCES released the 2020 Classification of Instructional Programs (CIP) codes. |
| Nov.-Dec. 2020 | The Division of Career and Adult Education (DCAE) engaged key stakeholders at Florida College System (FCS) institutions and school district technical colleges regarding federal CIP code recommendations. |
| January 2021 | DCAE conducted internal review of the survey results. |
| Jan.-Feb. 2021 | DCAE is nearing completion of this extensive review and plans to release a draft 2010 to 2020 CIP code crosswalk. |
| May 2021 | DCAE will present the 2021-2022 curriculum frameworks with new CIP codes to the State Board of Education for approval. |
| Reporting Year 2021-2022 | Implementation of new CIP codes. |
| Late Spring 2021 | Utilizing the NCES federal CIP to SOC Crosswalk as a foundation, DCAE will launch an internal and external review of existing CIP to SOC linkages in late spring. |

Perkins Update

Bruce Harrington

Senior Education Program Director

Division of Career and Adult Education

Florida Perkins Consolidated Annual Report (CAR)

- Florida's annual CAR was submitted to the federal Office of Career and Adult Education by the December 31, 2020, deadline.
- The CAR report consists of:
 - Grant budget expenditures
 - Local agency grant allocations
 - Career and Technical Education program concentrator reports by cluster and demographic
 - Methods of Administration Biennial Report by the Office of Educational Opportunity

Perkins – Looking ahead

- Neither the state nor local agencies were held accountable for the new Perkins V performance targets for the 2019-2020 program year.
- However, both the state and local agencies will be held accountable in the 2020-2021 program year.
- The RFAs for the 2021-2022 program year are currently under development.
- The required local agency biennial Comprehensive Local Needs Assessments were conducted in 2019-2020 and are required to be conducted again in the 2021-2022 program year.

Articulation and Career Education Policy

Division of Career and Adult Education

Update: Uniform Award of Postsecondary Credit for Military Service

- A framework was adopted by the State Board of Education and Board of Governors to analyze prior military training, courses and occupations.
- To view the framework please
Visit <http://www.fldoe.org/policy/articulation/ps-credit-military.stml>.
- The next step in this process is to survey all Florida public postsecondary institutions in order to **identify the most common military courses and trainings for which students receive postsecondary credit or clock hours**, and the specific course number and credit or clock hours awarded for these trainings.
- In order to facilitate the collection of this information we will be **asking institutions** to detail any military courses or trainings that their institution has awarded postsecondary credit or clock hours.
