

**FLORIDA COURSE CODE DIRECTORY  
COMPUTER SCIENCE COURSE INFORMATION  
2022-2023**

[Section 1007.2616, Florida Statutes](#), was amended by the Florida Legislature to include the definition of computer science and a requirement that computer science courses be identified in the Course Code Directory published on the Department of Education’s website.

**DEFINITION:** The study of computers and algorithmic processes, including their principles, hardware and software designs, applications, and their impact on society, and includes computer coding and computer programming.

**SECONDARY COMPUTER SCIENCE COURSES**

Middle and high schools in each district, including combination schools in which any of grades 6-12 are taught, must provide an opportunity for students to enroll in a computer science course. If a school district does not offer an identified computer science course the district must provide students access to the course through the [Florida Virtual School](#) (FLVS) or through other means.

<b>COURSE NUMBER</b>	<b>COURSE TITLE</b>

9400120	Data Modeling
9400130	Advanced Applications in Scientific Visualization

### **ELEMENTARY COMPUTER SCIENCE COURSES**

The following elementary courses have also been identified as meeting the definition of computer science as defined in Section 1007.2616, Florida Statutes; however, there currently is no requirement for districts to offer computer science in the elementary grades (K-5).

<b>COURSE NUMBER</b>	<b>COURSE TITLE</b>
5002010	Introduction to Computer Science 1
5002020	Introduction to Computer Science 2
