Implementation Date: Fiscal Year 1995-96 July 1, 1995

Element Name: Incident, Type (continued)			
Definition/Domain			
If more than one Incident Type is applicable to the incident, report the type that resulted in the most injury or the highest property or monetary loss.			
See <u>DOE Information Data Base Requirements: Volume IAutomated Student Information System,</u> Appendix P, for more detailed definitions of codes and for a preliminary rank ordering of incident types.			
Note: Districts may record other district-defined incident types and assign them the code ZZZ in their local systems. These district-defined incidents should not be included on the School Environmental Safety Incident Report format.
