> **EXAMPLE**
>
> For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". Records with an incorrect Transaction Code would be rejected.
>
> **DISTRICT RESPONSIBILITY**
>
> If the rejected records should not have been submitted no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Transaction Code and resubmit the records.
