

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

- If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
- If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
- If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Revenue

1.50 Mill Revenue Source

Schedule of Estimated Capital Outlay Revenue from each currently approved source which is estimated to be available for expenditures on the projects included in the tentative district facilities work program. All amounts are NET after considering carryover balances, interest earned, new COP's, 1011.14 and 1011.15 loans, etc. Districts cannot use 1.5-Mill funds for salaries except for those explicitly associated with maintenance/repair projects. (1011.71 (5), F.S.)

Infrastructure Tracking

Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).

Future land use of the 749 Stewart Street property will require major stormwater upgrades and a new entry road being developed coming off of MLK street located between the GTI campus and Stewart Street running south. Turn lanes and stop lights will be added along with Water, Sewer, Gas and Electric infrastructure.

Expansion of the Gadsden Technical College is expected. Relocating the main campus entryway to the west side of campus bringing it off the new road mentioned above. One additional building will tie into new infrastructure.

Re-distribution of main electrical feed for GTI and Warehouse sites is required in near future.

Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).

Not Specified

Consistent with Comp Plan? No

Net New Classrooms

The number of classrooms, by grade level and type of construction, that were added during the last fiscal year.

List the net new classrooms added in the 2020 - 2021 fiscal year.					List the net new classrooms to be added in the 2021 - 2022 fiscal year.			
"Classrooms" is defined as capacity carrying classrooms that are added to increase capacity to enable the district to meet the Class Size Amendment.					Totals for fiscal year 2021 - 2022 should match totals in Section 15A.

Relocatable units currently reported by school, from FISH, and the number of relocatable units identified as 'Failed Standards'.

Nothing reported for this section.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

The School Board of Gadsden County anticipates constructing a new PreK-8 school which will be designed to accommodate appropriate number of student stations consolidating at minimum 4 schools eliminating surplus stations.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

The Gadsden County School Board has sold and the Gretna Elementary Schools. The School Board has reevaluating its new school site and determined the Shanks site to be the best location. The old school will be razed and the new one built there. The School Board will keep the old Stewart St site for a storage facility and remodel for ancillary administration offices. The School Board will raze the Gadsden Elementary Magnet site. The George Monroe school will be repurposed to the Head Start classes and offices with the majority of buildings being razed.

Long Range Planning
