STUDENT END OF YEAR STATUS

STATE VALIDATION RULES

UPDATED 10/10/2025

4M.

If Grade Level = 3 and the student exists on the table of students who scored at Level 1 in Reading on the 3rd Grade Florida Assessment of Student Thinking (FAST) Progress Monitoring 3 Test (matched on District Number, Current Enrollment and Florida Education Identifier), then Grade Promotion Status must = A, N or R.

NOTE: School districts should be aware that the table of students who scored at Level 1 in Reading is refreshed during the summer while Survey 5 is ongoing. Districts may initially receive validation errors for this rule if a student subsequently achieves a passing score during the summer period. These validations should clear once the table is refreshed with the final summer assessment results.

State validation

EXAMPLE

The first two records listed below would not cause an edit message to be generated. The third record would cause an edit message to be generated because the student appears on the table of students who scored at Level 1 in Reading on the FAST Progress Monitoring 3 Test and the Grade Promotion Status is = P.

Student End of Year Status records

District Number, Current Enrollment	Florida Education Identifier	Survey Period Code	Grade Promotion Status
36	FL123456780000	5	A
36	FL423456780000	5	R
* 36	FL223456780000	5	P

DISTRICT RESPONSIBILITY

The district must review the Grade Promotion Status code on the Student End of Year Status record so that the appropriate relationship exists.
