# Best Practices for Inclusive Education (BPIE) Assessment for Students with Disabilities (SWDs) Reminder

The BPIE assessment is an internal process designed to facilitate the analysis, implementation and improvement practices for SWDs who are served in regular classes. Section 1003.57, Florida Statutes, requires that once every three years, each school district and school complete a BPIE assessment. Florida Inclusion Network (FIN) facilitators are required to assist school districts in this process. The results of this process must be included in each school district's ESE policies and procedures. School BPIE assessments should be completed prior to the end of the school year. For more information regarding the completion of school BPIE assessments in your district, contact FIN, an IDEA-funded state project, at <a href="mailto:lisi-finadmin@fsu.edu">lisi-finadmin@fsu.edu</a>, or a local FIN facilitator at <a href="mailto:About Us-FIN">About Us-FIN</a> or <a href="mailto:Directory-FIN">Directory-FIN</a>.
